

2023 IMPACT REPORT

diaperbank
for Northeast Florida

A MESSAGE FROM OUR FOUNDER

I am thrilled to share some incredible milestones achieved in 2023 by the Diaper Bank for Northeast Florida. Thanks to your unwavering support, we reached remarkable heights in our mission to provide essential resources to families in need.

Firstly, we celebrated the distribution of our 500,000th diaper, a testament to the profound impact of our work in the community. This achievement signifies the tangible difference we are making in the lives of countless families. Moreover, our expansion into over 1,000 square feet of warehouse space demonstrates our commitment to scaling our operations to meet growing demand. This expansion enables us to store more diapers and serve even more families in need.

We are still beaming with excitement about receiving our first Huggies donation of 180,000 diapers, a generous contribution that significantly bolsters our ability to provide for those in need. Furthermore, the recognition and support we've garnered, such as the \$10,000 grant from Baptist Health and \$5,000 from the Steven and Alexandra Cohen Foundation, affirm the importance of our cause and empower us to continue our vital work.

In light of recent findings from The National Diaper Bank Network revealing the escalating need for diaper assistance, our resolve to serve has only strengthened. Despite challenges, our diaper distribution efforts have increased by 14 percent, underscoring our dedication to addressing this pressing issue.

Lastly, I am immensely proud to share that we remain 100% run by volunteers, highlighting the incredible commitment and passion of our team. It is through their selfless dedication that we are able to achieve these remarkable milestones.

Together, we are making a profound difference in the lives of families in Northeast Florida. Thank you for your continued support and dedication to our cause.
