## L-CBF AMINO15 (15-0-1) NITROGEN

QLF Agronomy's **L-CBF AMINO15 15-0-1 Nitrogen** delivers a powerful blend of balanced crop nutrients with complex carbon sources and three forms of nitrogen: amino, urea, and ammoniacal. This unique liquid carbon-based fertilizer ensures an optimal supply of plant-available nitrogen, driving higher yields and overall plant vitality.

## KEY BENEFITS

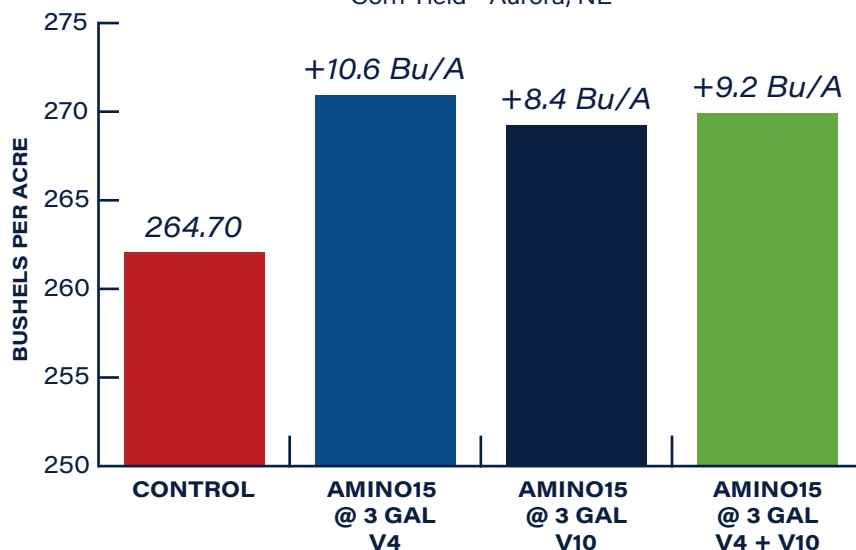

**Triple Nitrogen BOOST:** A combination of amino, urea, and ammoniacal nitrogen for efficient and consistent plant nutrition.

**Versatile Application:** Suitable for various fertilizer and pesticide programs, making it a versatile investment for your crops.

**Optimized Performance:** The lower pH formulation enhances the effectiveness of slightly acidic foliar sprays, improving cuticle penetration and maximizing nutrient uptake through the leaves.
