

# EARTHOPTICS TruTill™

Know precisely where your soil is compacted - and by how much

## Quick Facts:

- 10x10m compaction map data
- 0-18" depth, by 1" layers
- Custom tillage prescription included
- TruTill is exclusive to EarthOptics

## Impacts:

- 1-3 gallons of diesel saved per acre
- Total cost per acre reduced by up to 40% over traditional tillage
- Crop yields increased by up to 20%
- Increased sustainability measures for your soil
