In the interest of full disclosure while minimizing movement of the deceased, the identification occurs in the container that will shelter the deceased prior to cremation and will be later consumed in the cremation process. The fee for this scheduled Goodbye is included in the Simple Cremation with Final Goodbye.*

The Mass of Christian Burial

The Catholic Church prefers that the body of the deceased be present for the funeral rite. However, cremated remains are to be treated with the same respect as the body before cremation. The church requires that the cremains should have a reverent disposition, including burial in a grave, entombment in a mausoleum or columbarium.

Catholic Cremation celebrates the life of the loved one through several liturgical rites. In order to have the body of the loved-one present during the mass, *"Traditional Funeral Liturgy with Cremation to Follow"* is the best choice. For those who choose to have the cremated remains of the loved-one at the mass, *"Cremation Before Funeral Liturgy"* is the best selection.
