Has the curriculum been purchased? _____

When will this unit likely begin? _____

Will the project be on school property? _____

If not, then where, and has written permission been obtained? _____

(over)

Agreement

Grant applicant agrees to provide to the Tennessee Native Plant Society by May 14, 2027:

- Before and after photos of the planting site
- A student written article about the experience
- A written plan with specifics for maintenance of the site both during the school year and student vacations

Applicant's name and email _____

Summer contact information, if different from above _____

We (teachers and principal) accept that this grant is to be used for hands-on student activities that will help inform them of the importance of NATIVE plants to species biodiversity.

We also agree to use the grant funds to purchase Tennessee native plants and planting supplies for students to use in conjunction with hands-on lessons, or to refund the grant money to TNPS by the end of the school year.
