ABSS Accounting

Integrated accounting, billing, and inventory management software

ABSS software avoids accounting jargon and is easy to use. Its award-winning design emphasizes smart workflows and guides you through your accounts' automation, making it easy to track all your accounting data.

Put your best stock forward

ABSS Accounting automatically adjusts your inventory as you sell items. Unlike most other systems, it goes the extra mile by giving you the flexibility and freedom when working with inventory transactions as you can:

- Recall
- Edit
- Reverse
- Delete inventory adjustments and transfers

Powerful reporting options also allow you to easily reconcile your stock on hand with your inventory account for any given date. ABSS Accounting also features a sophisticated pricing matrix with:

- Five quantity breaks and
- Six pricing level

This allows you to map out pricing and sale strategies based on customer status. If you sell items from different warehouses or hold stock in multiple locations, ABSS Accounting helps you keep track of items quantities held at each location.

Customise your reports and business forms

Redesign your invoices and statements – make them your own. Every business is unique. Your business forms are the public face of your company and ABSS Invoices and other forms can be completely customised. Choose from a wide range of data fields, add borders, background pictures, shading or coloured lines – in short create the perfect form for your business.

Want to add a logo or customised text? How about adding header and subtotals lines? The ABSS form designer makes it possible.

Reporting done quickly

- Over 200 flexible reports and charts
- Real time data
- Export to Microsoft® Excel for further analysis
- Email reports to your accountants
- Use inbuilt Data Auditor to detect common processing errors and to ensure integrity of your business information

Invoice delivered in seconds

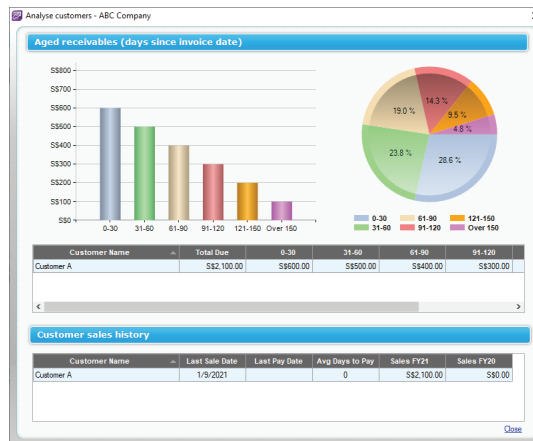

Save on postage and stationery cost by emailing your invoices – its easy to do with ABSS Accounting! It also means you can get your invoices out faster, improving your cash flow. You can email quotes, orders and invoices direct to your customers and suppliers, because ABSS Accounting creates forms and report as secure PDF documents that cannot be edited.

ABSS Accounting's email capability works with all MAPI compliant email software, including Microsoft® Outlook.

Analyse business in more than 200 ways

Make informed decisions based on accurate and detailed information:

- Over 200 flexible reports and charts.
- Assess up-to-date Profit and Loss Statements and Balance Sheets.
- Produce comprehensive reports and send to Microsoft® Excel for further analysis.
- Email reports to your accountants.
- Use inbuilt Data Auditor to detect common processing errors and to ensure integrity of your business information.
- View screen-optimised or print-preview versions of each report.
- Analyse sales by salesperson, track where sales are coming from, and identify customers who owe money, stay on top of outstanding invoices and more.
