

Season Four Programme Details

Don't worry about getting bored over the Summer Break, here's our Member-led Summer Season Four details, organised by members & Friends of Explore!

Please contact the relevant email linked to each session to help plan for numbers and to provide additional information about the session as required. If sent to the office, your email (including email address) will be forwarded to the group organiser so they can contact you directly if needed regarding the session. Please also advise before the event starts if you have any issues that the group leader should be aware of (eg relevant emergency medications).

(We still have a few extra events still to announce so look out for more details throughout the summer too...)

The Secret Parade Medieval Tile Workshops – Led by Nancy Isherwood Monday 6th & Thursday 9th July 2026 – Meet at 10.30 Brunswick MC Hall

Artist Chris Folwell is coordinating these special tilemaking workshops, inviting groups to make special character tiles ahead of the Novum festival. The tiles will be used to mark a special trail around the city, marking 'paths less trodden to reveal the medieval city beneath modern day Newcastle'. The tiles produced in the workshops will make Brunswick Place their home, and form part of a 'Secret Parade' of miniature figures in full medieval pageantry, reflecting both who has been on the site historically and who is here now. They will be part of the secret trail this summer and remain in place afterwards as part of Explore's city centre home.

Please contact Nancy via weareexplore@gmail.com regarding this session.

**'Treasure: Hidden, Lost, Found' Tour with Andrew Parkin – Led by Kath Smith
Wednesday 15th July 2026 – Meet 11.00 outside Exhibition space, GNM: Hancock Museum, 1st Floor (rear of building)**

Andrew Parkin, Keeper of Archaeology at GNM: Hancock will give us a personal tour of the archaeological finds in the fascinating 'Treasure' exhibition; Roman coins, Viking Age silver, and a buried stash of Tudor coins, all hidden for centuries and found in the North of England.

Featuring extraordinary finds from the British Museum, National Museum of Scotland, Vindolanda, and the Great North Museum: Hancock's own collection, this is your chance to discuss what makes an item valuable, who owns the past, and why buried history matters. (This session is limited to 15 people)

Please contact Kath via weareexplore@gmail.com regarding this session.

**Anthea's Ambles: Whitburn Wander – Led by Anthea Lang
Tuesday 28th July 2026 – Meet 10.30 at Bents Road Car Park**

Enjoy a leisure stroll around Whitburn's leafy areas, see the sea and marvel at some fabulous architecture. We'll end with a coffee & loo stop before heading back to our starting point.

Meet in Bents Road Car Park (small fee payable to park). Nearly opposite is Cornthwaite Park car park (signs show Bowling Club but anyone can park there) which is free but limited spaces. If coming by bus, ask to be put off at Cornthwaite park on the numbers E1, E2 & E6 all leaving from Shields Metro (Interchange centre). We'll end in the same spot.

Please contact Anthea via weareexplore@gmail.com regarding this session.

**Behind the Scenes Guided Tour of the Lit & Phil – Led by Anthea Lang
Thursday 30th July 2026 – Meet at 11.00 entrance hall (inside building)**

Expert city guide Pat Lowery will give us a tour around this very special building, the biggest independent library outside of London and a jewel in the North East's crown. Still a quiet haven for independent research and learning, the library has over 250 years of history to explore, so come along and revel in looking beyond the bookshelves.

Anthea's Ambles: Suffragette Saunter – Led by Anthea Lang
Tuesday 1st September 2026 – Meet 14.30 at Boer War Memorial, Haymarket

Newcastle was the third most militant city for the Suffragette movement. Find out how women of the day fought for the right to have the vote and the ways in which the government tried to stop them. We may either have a coffee stop en-route or at the end (the walk will finish at Central Station) depending on people's preferences.

Please note the later start for this walk by Anthea.

Please contact Anthea via weareexplore@gmail.com regarding this session.

Dunston Staithes Tour with TWBPT – Led by Karen Gammack
Thursday 3rd September 2026 – Meet at 10.30 West end of Staithes

Dunston Staithes on the South Side of the Tyne is believed to be the largest timber structure in Europe. It was opened in 1893 by the North Eastern Railway Company and at its height, 5.5m tonnes of coal a year was taken by rail from the Durham coalfields and loaded from the staithes onto ships waiting on the river, which transported coal around the British Isles and Internationally. More recently it has become a popular nature and birdwatching spot, as the mudflats and salt marshes surrounding the structure provide a sheltered haven for wildlife, including curlews, lapwings, otters and even seals. Come along to enjoy a guided tour of the Staithes, learn more about the structure and its history and maybe even spot some feathers and fur in the surrounding landscape.

TWBPT advise that the visit is suitable for all and that there is wheelchair accessible entry for bottom and top deck via Saltmarsh Gardens. Please note that there are steps between the two decks however so this might vary the route.

There is parking opposite at Dunston Excelsior Club, NE11 9DR. For bus routes visit [Travel North East](#) (you might want to consider buses from Gateshead Metro Interchange if more convenient)

Meet at the West end of the Staithes ready to start at 10.30am. There is a £3 charge payable on the day to TWBPT – this goes towards the ongoing restoration and care of the structure.

Please contact Karen via weareexplore@gmail.com regarding this session.

John Griffiths Gateshead Walk – Led by Joan Oliver
