

Year 1 Autumn Term - Key Instant Recall Facts

By the end of this term, children in year 1 should know the following facts and be able to recall them instantly.

To know all Number Bonds to 5

Target: To know all Number Bonds to 10

Top Tips

The secret to success? Practise little and often! Can you learn these on your way to school? On a car journey? Or even at the breakfast table? You don't need to learn them all at once: start with those you are more confident with before tackling the rest. Why not practise whilst keeping active? You could throw and catch or kick a ball whilst learning them!

Play games!

- ✓ Create pictures of ladybirds. Put spots on 2 sides so that they add up to 5.
- ✓ Play bingo. Say a statement e.g. $3 + _ = 5$. If they have the missing number they can cross it off their card.
- ✓ Play snap with a deck of cards from 0 - 5 or 0 - 10. Say snap if the numbers are a pair that make 5 or 10.
- ✓ Use objects e.g. teddies. Show a number of teddies. How many more do I need to make 5 or 10?
- ✓ Throw a ball with a friend/family member. Person A says a number and person B has to say the number that makes 5 or 10
