Rental fees will be divided equally among all residents and will be applied to your online ledger.

Special Rules and Regulations

- In addition to the terms and conditions of your lease, know that as residents of the State College Borough, noise ordinances, fire safety and other code requirements are enforced to ensure that all residents remain safe and have an enjoyable place to live. In accordance with local regulations, our maintenance and associated personnel will conduct apartment inspections. We will notify residents in advance. Your cooperation with the ordinances and inspections is greatly appreciated.

2. When is Rent Due

Your lease is a term contract that is divided into 12 equal payments. **August rent is due one week before your move in date or earlier. Our system will show the amount due on your portal approximately 10 days before move in. September rent will be due September 1 and each month after will be due the 1st of each month. Your last month's rent is due on or before July 1st of the following year.**

IMPORTANT NOTE BEFORE MOVING IN: All residents on the lease must pay the August rent in full before anyone can move into the apartment. Consult with all roommates and our office prior to your lease move-in date to ensure that all rent for August is paid. Distribution of relevant move-in paperwork, key codes and access to the unit will be delayed, if rent is not paid in full.

When is rent due?

- Rent is due on or by the 1st of each month. If paid after the first a fee of \$5.00 per day can be applied to your account.
- There are no late fees charged in August, due to leases beginning after the 1st of the month. The first month's rent needs to be paid 1 week before move in.

What do I owe?

- Your monthly rent is divided equally by the number of residents on the lease. Please consult the NREM office staff, if you and your roommates have any changes to the number of residents on the lease. We will be happy to assist with these changes.
- If you would like the rent split differently, please contact our office to request a Rent Redistribution form. All roommates would need to sign, indicated how rent should be split.

How do I make payment?

- You can pay your rent individually by using our online portal or by submitting a check/money order made payable to Nevins Real Estate Management.
 - We do not accept cash payments for rent.
 - Your security deposit may not be used as rent for the first or last month
- Online Payment Portal: Our staff will set up a rental payment portal for every resident. You will receive a text prior to move-in with a link for you to follow. The portal allows you to pay rent, parking or other related charges and view your ledger. Please contact our office if you do not receive a text with a link to set up your online payment portal by mid July. Your original portal that you paid the security deposit on will be cancelled and you will receive a text and email to activate a new portal.
- **IMPORTANT!** We encourage you to use the autopay feature on the portal. Please make sure if you use this feature, to set your Autopay date for the first of the month. **You will need to make a 1 time payment for August and then set your autopay for upcoming months Starting in September.**

Security Deposit: Can I use this for rent?

- The security deposit that you paid to secure your apartments is held in escrow and never used for first or last month's rent. Residents should expect to receive their security deposit back within 30 days of the end of the lease term.

3. Setting Up Utilities

All contracted services associated with your apartment must be established for your apartment. When contacting the provider(s), you will be requested to provide your property name, street address and apartment number in order for services to be activated. **We recommend that you call the provider(s) several weeks in advance to activate your services on your lease start date and no earlier.**

Important Note: All residents on the lease must have August rent paid in full no later than one week prior to move-in before access will be granted to any resident.

Move-In is done with no person-to-person contact with our office staff. The morning of your move-in we will text you the code to get into your units. The first person arriving to the unit will see a move-in packet in the unit that will contain **VERY** important items.

What is the Move-In Packet?

This packet contains information pertaining to your *Unit Condition Forms*, *Fire Safety Certification Agreement*, **your mailbox key**, *Tenant Notification Acknowledgement*, CATA bus passes (if applicable, only available to purchase for Waupelani Lofts) and **parking contracts/passes** (if applicable).

- (1) **Unit Condition Forms:** Resident(s) are required to conduct a walkthrough of their apartment and identify areas of concern or immediate maintenance matters that need to be addressed. Carefully review the form and make notations on this document in all areas that apply. Our staff will address immediate concerns in a timely manner. Know that this form will be kept in your file and used as part of your “move-out” apartment condition review.

Important Note:

- The *Unit Condition Form* must be returned to rental office within 48 hours of your move-in date.

- (2) **Fire Safety Certification Agreement:** This document verifies that the management company informed its residents that all fire extinguishers, smoke alarms and carbon monoxide detectors (if applicable) were inspected and are in good working condition upon moving into the apartment.

Important Steps to Follow:

- All residents are required to review and test fire safety equipment by checking the fire extinguisher tag date and pressing buttons on the smoke alarms and / or carbon detectors to ensure that all are operable.
- After completing the review and test check, all residents must sign the agreement.
- The *Fire Safety Certification Agreement* must be returned to rental office within 48 hours of your move-in date.

- (3) **Mail Key:** Residents will receive only one mailbox key in the “Move-In Packet”. This key may not correspond directly with your apartment number for security purposes. Check the top of your packet for the assigned number. Also, keep your mailbox key in a central location so that you and/or your roommates can access the key easily. Residents are responsible for any replacement keys and associated costs.

- (4) **Tenant Notification Acknowledgement:** This form reviews all basic information about the Centre Region Code Administration as well as the State College Division of the Health and Neighborhood Services.

Important Steps to Follow:

- All residents are required to review and sign the document.
- The *Tenant Notification Acknowledgement* must be returned to rental office within 48 hours of your move-in date.

- (3) Refrain from parking in a NREM property parking space *unless* you were assigned a parking contract and space number. Our parking spaces are monitored, and unauthorized vehicles will be towed at the vehicle owner's expense.
- (4) When moving into your apartment, please be patient with the parking situation as many residents may be moving in around the same time.
 - Refrain from parking in someone's parking space unless the space was assigned to you.
