

DEUTSCHER HEALTHCARE WALMSLEY BED RANGE

The Walmsley range of healthcare beds are a commercial grade, electrically operated hi-low bed, which have been designed for maximum user/carers safety and reliability.

Manufactured in Australia, they are ideal for hospital, hostel and home care environments.

These beds have a 3 function operation (raise & lower, head rest & knee bend).

The Walmsley bed is available in three mattress sizes:

- 920 x 1960mm Standard size (WM1004)
- 1070 x 1960mm Standard wide (WM1014)
- 1070 x 2060mm King Single Size (WM2040)

All beds use high quality Dewert electrical systems.

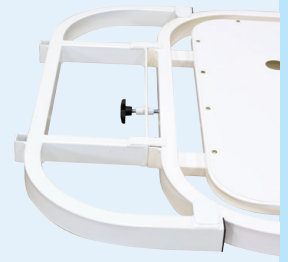

The electrical components are contained under the mattress platform for safety and protection while all critical moving parts are fitted with bronze bearings for a quiet & smooth operation. All beds have a safe working load of 250kg (Total weight of user & accessories).

Wheels on the bed are 100mm dual castor that have both brake and directional lock, once the locking tab is engaged. An easy to operate coloured hand control is standard on all Walmsley beds. Easy to remove head & foot boards in a wood grain finish are standard.

This bed has been independently tested to meet the Australian Standard AS/NZS 3200.2.38.

Mattresses

ABOUT DEUTSCHER HEALTHCARE

Deutscher Healthcare is a manufacturing company based in Ballarat, Victoria and has been in continuous operation for over 120 years. In earlier years, the parent company, HF. Deutscher Pty. Ltd., specialised in farm equipment and later moved into producing a range of mowers and outdoor power equipment, some of which are still manufactured today. The company is still owned and operated by the original family.

All products are designed and manufactured to a high quality, using first grade materials to ensure the product you buy meets Australian standard requirements; is safe, reliable, and built to give trouble free service for many years to come.

For more information, speak with one of Deutscher's friendly staff about your requirements.
