BEDSTICKS FOR USE ON ULTRALOW FLOORLINE BEDS

- **Bed Sticks** are used to assist the user to transfer in and out of the bed. They can also give assistance with in-bed mobility.
- **Deutscher's** range of **Bed Sticks** simply clamp on and are designed to accommodate a wide range of medical beds used throughout the Healthcare industry.
- A 50mm ball fitted to the top of the stick protects the user should they fall and provides a good gripping surface for the client.
- Please enquire for further information on the complete range of **Bed Sticks**.

DEUTSCHER

Deutscher Healthcare is a manufacturing company based in Ballarat, Victoria and has been in continuous operation for over 120 years. In earlier years, the parent company, HF. Deutscher Pty. Ltd., specialised in farm equipment and later moved into producing a range of mowers and outdoor power equipment, some of which is still manufactured today. The company is still owned and operated by the original family.

All products are designed and manufactured to a high quality, using first grade materials to ensure the product you buy meets Australian standard requirements; is safe, reliable and built to give trouble free service for many years to come.
