

DEUTSCHER HEALTHCARE

ALKIRA

MENTAL HEALTH BED RANGE

The all new Australian designed and manufactured Deutscher Healthcare “Ultimate Safety” ALKIRA MENTAL HEALTHCARE bed range has been developed to meet the requirements for use in all aspects of Mental Health Care including use in acute and intensive extended care psychiatric facilities.

The beds are available in four models:

- MH1005LS Single function Hi-Low height adjustable Long Single bed
- MH1005KS Single function Hi-Low height adjustable King Single bed
- MH1000LS Two function Hi-Low height adjustable Long Single bed with adjustable back rest
- MH1000KS Two function Hi-Low height adjustable King Single bed with adjustable back rest

The MH1005 series are the most popular beds for use in psychiatric care facilities as it is a flatbed base with extremely low ligature risk that is remotely powered by a complete stand-alone battery power supply pack / system that is transportable and only powers the bed when attached to the bed via the magnetic quick coupling connector.

All beds have a fixed surround made from Compact laminate (near indestructible material) that contacts the floor when the bed is in use. This leaves the bed with no lift points or capacity to gain access under the bed. When the remote power supply is connected to the bed, it can be raised for bed making / changing and cleaning. With the bed at a raised Position, it gives the operator access to the central locking wheel control levers that when unlocked provide mobility for the bed so it can easily be moved. The underside of the bed is completely contained in a steel box cover, so there is no access to any wiring or working parts of the bed frame or mechanism.

- MH1010ALKIRA - Complete Battery Pack
- MH1010ALKIRA-1007 - Complete Battery Pack mounted on trolley.

ABOUT DEUTSCHER HEALTHCARE

Deutscher Healthcare is a manufacturing company based in Ballarat, Victoria and has been in continuous operation for over 114 years. In earlier years, the parent company, HF. Deutscher Pty. Ltd., specialised in farm equipment and later moved into producing a range of mowers and outdoor power equipment, some of which is still manufactured today. The company is still owned and operated by the original family.

All products are designed and manufactured to a high quality, using first grade materials to ensure the product you buy meets Australian standard requirements; is safe, reliable and built to give trouble free service for many years to come.

For more information, speak with one of Deutscher's friendly staff about your needs and requirements.
