Outer Burial Container Price List

These prices are effective as of May 21, 2025, but are subject to change without notice. In most areas of the country, state or local law does not require that you buy a container to surround the casket in the grave, however, many cemeteries require that you have such a container so that the grave will not sink in. Either a grave liner or a burial vault will satisfy these requirements.

The only warranties, expressed or implied, granted in connection with the outer burial containers are the express written warranties, if any, extended by the manufacturer of the outer burial containers.
