Serving Roanoke, VA and the surrounding area since 2010

Thomas Craddock, owner/operator of MIB Supplies, LLC and MIB Tree Service, LLC has been providing quality tree work in the Roanoke valley for 15 years. Thomas started MIB with one partner and one truck. Over the years, MIB Tree Service has grown into a sizeable operation by providing area residents and businesses with high quality, professional tree work. From standard pruning to full tree removal and everything in between, Mr. Craddock has turned MIB Tree Service into one of the highest rated and recommended tree services in the greater Roanoke valley. MIB Tree Service would like to pose to you the following questions:

- i. Do you have worrisome limbs hanging over your house?
- ii. Perhaps that maple next to the garage is leaning precariously?
- iii. Did the last wind event create a hazardous tree situation?
- iv. Troublesome stump in the center of your otherwise perfect yard?
- v. Or would you simply like the apron raised on your small pine grove?

Whatever your tree concerns are, MIB Tree Service will happily assess a quote for you completely free of charge! Give us a call today to come by and take a look at what irks you regarding your trees.
