GENERAL INFORMATION

Kovar Transmit CS is an ammonium sulfate water conditioning adjuvant which ensures top performance of the herbicide even when used with hard water.

Kovar Transmit CS undergoes a special filtering process to ensure the removal of contaminants and impurities. This helps prevent nozzle wear, plugging and equipment corrosion.

Use a nonionic surfactant in conjunction with Kovar Transmit CS if recommended by the pesticide label.

DIRECTIONS FOR USE

Kovar Transmit CS is registered to be used at the following rates:

- Ground: 1-8 pints in 100 gallon of spray solution (0.125-1% v/v).
- Aerial: 2-4 pints in 100 gallons spray solution (0.25-0.5% v/v).
- Aquatic: 1-8 pints in 100 gallons spray solution (0.125-1% v/v).

Review both the adjuvant and herbicide label before use. Recommendations and restrictions on the pesticide label take precedence over any recommendations presented on this document. Kovar Transmit CS may be applied by ground, air or other spray equipment that is listed on the herbicide label.

STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage and disposal.

STORAGE: DO NOT ALLOW PRODUCT TO FREEZE. Store in original container only and keep tightly sealed. Store in closed storage area.

PRODUCT DISPOSAL: Dispose of contents in accordance with all government regulations. Improper disposal of excess pesticide, spray mixture, or rinsate is a violation of federal law. Wastes resulting from the use of this product may be disposed of onsite or at an approved waste disposal facility.

CONTAINER HANDLING: Dispose of container in accordance with all government regulations. Triple rinse (or equivalent), then offer for recycling, if available, or reconditioning, if appropriate. Alternatively, puncture and dispose of the container in a sanitary landfill, or by other procedures approved by state and local authorities. Recycling cleaned containers is the best option of container disposal. The ACRC (Agricultural Container Recycling Council) operates a national recycling program. To contact your state or local ACRC
