CASKETS:

Caskets listed are those generally available and most commonly used. Additional options are available upon request. Unless otherwise noted, all caskets listed are standard adult size.

MINIMUM REQUIREMENTS FOR A CASKET:

For Burial: The least expensive wood casket is suitable and is required by most cemetery's by-laws for interment, in the interest of the health and safety of the workers involved in the interment process. A metal casket may also be used for burial.

For Cremation: A body must be presented to the crematorium in a rigid, leak-proof casket that is made of a combustible material, such as wood or cardboard. Caskets containing non-flammable, hazardous material, chlorinated or fiber-reinforced plastic, other than incidental metal, cannot be used for cremation. We offer a selection of inexpensive containers and caskets that are suitable for cremation.

PAYMENT OPTIONS:

For services at time of death: Payment is due within 30 days of signing the contract, beyond which interest will be charged at a rate of 2% per month (equivalent to 24% per annum). Payment may be made by cash, cheque, bank draft or e-transfer. Payment plans are also available to meet most budgets. Financing charges apply to payment plans.

Pre-payment in advance of need: For services that are being arranged pre-need, we offer two funding options when prepaying services or supplies:

Trust: You pay for the services and supplies at today's price and we will place your money in a trust account, where it will accrue interest until the prepaid contract is fulfilled (when the services and supplies are delivered). Pre-payment can be made by pre-authorized debit form. Funds are held in the purchaser's name.

Guarantee: When paid in full in accordance with the payment terms set out in the prepaid contract, the prepaid contract is guaranteed. The total payment(s) made plus interest/growth earned will be applied to the future price of the services and supplies. If the total payment(s) plus interest/growth earned are insufficient to cover the total future price of the prepaid services and supplies, we will absorb the difference as a loss. Any funds in excess of the total future price of the prepaid services and supplies will be returned or applied toward additional services, supplies and disbursements purchased at the time of need, as applicable. Conditions apply. Any changes to the prepaid contract may result in the prepaid contract being null and void and a new contract being executed with current pricing at the time changes are made.

Financial assistance for burial and cremation services may be available through governmental agencies, to those who qualify.

Additional information about payment, financing and funding options is available upon request
