FORGET-CHEMIN, SPECIAL CLUB, 2019, PREMIER CRU

LUDES, FRANCE

Nestled in the Premier Cru village of Ludes, Forget-Chemin is a family-owned grower Champagne house dedicated to expressing the unique character of its own vineyards. Their Special Club cuvée represents the pinnacle of the estate's winemaking and belongs to one of Champagne's most exclusive traditions.

Created by the Club Trésors de Champagne, the Special Club designation is reserved for a select group of grower-producers, and each vintage must pass two rigorous blind tastings before earning the right to be bottled in the iconic

Special Club bottle. Every grape is estate-grown and cultivated under sustainable viticulture raisonnée practices, earning the estate Haute Valeur Environnementale (HVE) certification.

For this vintage, Forget-Chemin produced just 4,356 bottles and 405 magnums, blending equal parts Pinot Meunier from Taissy, Chardonnay from Ludes, and Pinot Noir from Mailly Champagne. The result is a Champagne with expressive floral aromas, raspberry, vanilla cream, and delicate herbal notes, leading to a broad yet vibrant palate that finishes with remarkable freshness and mineral precision. It is a rare opportunity to experience not only an exceptional Premier Cru Champagne, but one of the world's most exclusive grower bottlings.

WHY WE LOVE THIS

A true collector's Champagne that celebrates
the very best of the vintage

SOMMELIER TIP

Special Clubs are truly exceptional. A Special Club bottle is practically a guarantee of excellence: perfect for any occasion, whether special or casual. It appeals to both connoisseurs and novices alike, impressing guests on any day of the week. Once you discover these two Special Clubs, you'll want to collect them all! For the best experience, serve in a white wine glass or a large tulip glass. NEVER use flutes! Drink Now.

HERVIEUX-DUMEZ, SPECIAL CLUB, 2018, PREMIER-CRU

SACY, FRANCE

For Hervieux-Dumez, a Special Club release is not simply a vintage Champagne, it is the culmination of years of meticulous work in the vineyard and cellar. Produced only in exceptional years, every candidate must survive two independent blind tastings by expert oenologists before earning the prestigious Club Trésors de Champagne bottle, a distinction granted to only a select group of grower-producers.

Sourced exclusively from the estate's hand-harvested vineyards across four Premier Cru villages on the Montagne de Reims, this cuvée reflects the elegance of Sacy, Chamery, Ecueil, and Villedommange. Environmentally responsible farming, recognized through HVE, Sustainable Viticulture in Champagne, and Bee Friendly certifications, allows the clay-limestone terroir to shine. The blend of Chardonnay, Pinot Noir, and Meunier unfolds with mineral and smoky aromas before revealing roasted hazelnut, dried fruit, and delicate gingerbread, finishing with remarkable freshness and impressive length.
