Puron
ADVANCE™

Models 50NP, 50NH

DESIGNED WITH YOUR COMFORT IN MIND

Innovation, efficiency, quality: the Carrier Comfort Series 50NP packaged air conditioner and 50NH packaged heat pump represents years of research and design with one goal in mind – making your family comfortable. Offering lasting durability and energy-saving performance, this unit represents the Carrier quality, environmental stewardship and lasting durability that have endured for more than a century. Regardless of your need, it boasts a compact footprint and flush-to-the-wall installation, making it the perfect fit for areas where space is at a premium.

EFFICIENCY

SEER2 (Seasonal Energy Efficient Ratio) and HSPF (Heating Seasonal Performance Factor) ratings are like your car's MPG – the higher the number, the greater the potential for savings. These Comfort Series systems offer 13.4 SEER2 cooling. Additionally, the 50NH heat pump offers 6.7 HSPF2 heating.

DURABILITY

These packaged systems are built for years of lasting durability with a galvanized steel cabinet and louvered coil guard. And, our exclusive high-tech composite, rust-proof base with integrated, sloped drain pan design improves drainage.

ENVIRONMENT

With Puron Advance™, Carrier proudly displays our commitment to environmental stewardship. It's a refrigerant that delivers a 75% decrease in global warming potential while maintaining original Puron's non-ozone depleting properties.

VERSATILITY

Our lightest, most compact packaged product, these 32-inch narrow models are the logical choice for zero lot line communities, manufactured housing, or anywhere space is limited.

LIMITED WARRANTY

To the original owner, our Carrier Comfort Series models 50NP and 50NH are covered by a 10-year parts limited warranty upon timely registration. The limited warranty period is five years if not registered within 90 days of installation except in jurisdictions where warranty benefits cannot be conditioned on registration. See warranty certificate at carrier.com for complete details and restrictions.

At Carrier, we know purchasing a new heating or cooling system is a big investment. Take ownership in helping protect your investment.

Carrier is excited to offer you a Consumer Choice Warranty option. Most Carrier products come with the option to select the warranty of your choice. Dealer participation is required.*

* Upon timely registration, on eligible equipment select either a 10-year parts only limited warranty or a five-year parts + three-year labor limited warranty. Dealer participation required. See limited warranty certificate at carrier.com for complete details and restrictions.

THE CARRIER DIFFERENCE

If you could look under the hood of our Comfort Series packaged systems, you'd see what drives the efficient, reliable comfort: a serious commitment to quality. Our microtube coil technology saves space and provides lasting comfort. Furthermore, it provides years of lasting durability thanks to its aluminum coil design. The control board ensures reliable communication with your thermostat for accurate cooling comfort. And, our smooth-running compressor represents the solid, reliable performance you expect.

These units are built to look their best while enduring exposure to hail, errant soccer balls, lawn equipment and more.

TURN TO THE EXPERTS

When it comes to your comfort, you don't want to take chances. That's why so many before you have turned to the experts at Carrier for indoor comfort innovation and reliability. When you choose Carrier, you can be confident that your new system is designed, built and backed by the world's foremost comfort innovator. In addition, Carrier products undergo one of the most rigorous quality control regimens in the industry. From performance and quality testing during product development to our 100% run testing during production, we don't miss an opportunity to meet the toughest requirements of all: yours.

GAIN MORE CONTROL WITH A COMPLETE HOME COMFORT SYSTEM

Carrier Smart Thermostat	Packaged Air Conditioner or Heat Pump	Zoning	Air Purifier	Humidifier	Ventilator
					
Wi-Fi®-enabled smart thermostat that offers convenient and connected comfort control.	Provides high-efficiency cooling for comfort and potential energy savings.	Sets different temperatures for up to four different areas of your home for truly customized comfort and enhanced utility savings.	Uses Captures & Kills® technology to inactivate 99% of select airborne pathogens trapped by the filter, including coronavirus, bacteria and other pathogens. ¹	Adds moisture to the air, helping keep static and dry skin at bay.	Combines fresh outdoor air with conditioned indoor air for improved air quality.

¹ The Infinity® air purifier has demonstrated effectiveness against the murine coronavirus, based on third-party testing (2020) showing a >99% inactivation, which is a virus similar to the human novel coronavirus (SARS-CoV-2) that causes COVID-19. Therefore, the Infinity air purifier can be expected to be effective against SARS-CoV-2 when used in accordance with its directions for use. Third-party testing (2012, 2007) also shows ≥99% inactivation for the type of virus that causes common colds, Streptococcus pyogenes and human influenza. Airborne particles must flow through your HVAC system and be trapped by the MERV 15 Infinity filter to be inactivated at 99%. Learn how it works at Carrier.com/purifier.

MORE THAN A CENTURY OF COOL

In 1902, a determined engineer answered one of mankind's most nagging questions: How do we make hot, sticky, indoor air go away? In creating the world's first modern air conditioning system, Willis Carrier forever changed indoor life, and, more than a century later, the corporation that bears his name takes inspiration from his example.

Carrier strives to improve on our founder's breakthroughs, introducing new technologies that make life at home even cooler. Today, a nationwide network of experts continues to advance Willis Carrier's lifework. Your expert Carrier dealer is equipped to evaluate your home and create a customized system designed around your lifestyle.
