LED CUBE WALL, CEILING & TOWER SIGN

DIGITAL ILLUMINATED SIGN
DIGITAL SIGNAGE

LED CUBE WALL SIGN, CEILING SIGN, TOWER SIGN

In the era of digitalisation, we are developing cutting-edge innovative digital signage systems for eye-catching advertising and information.

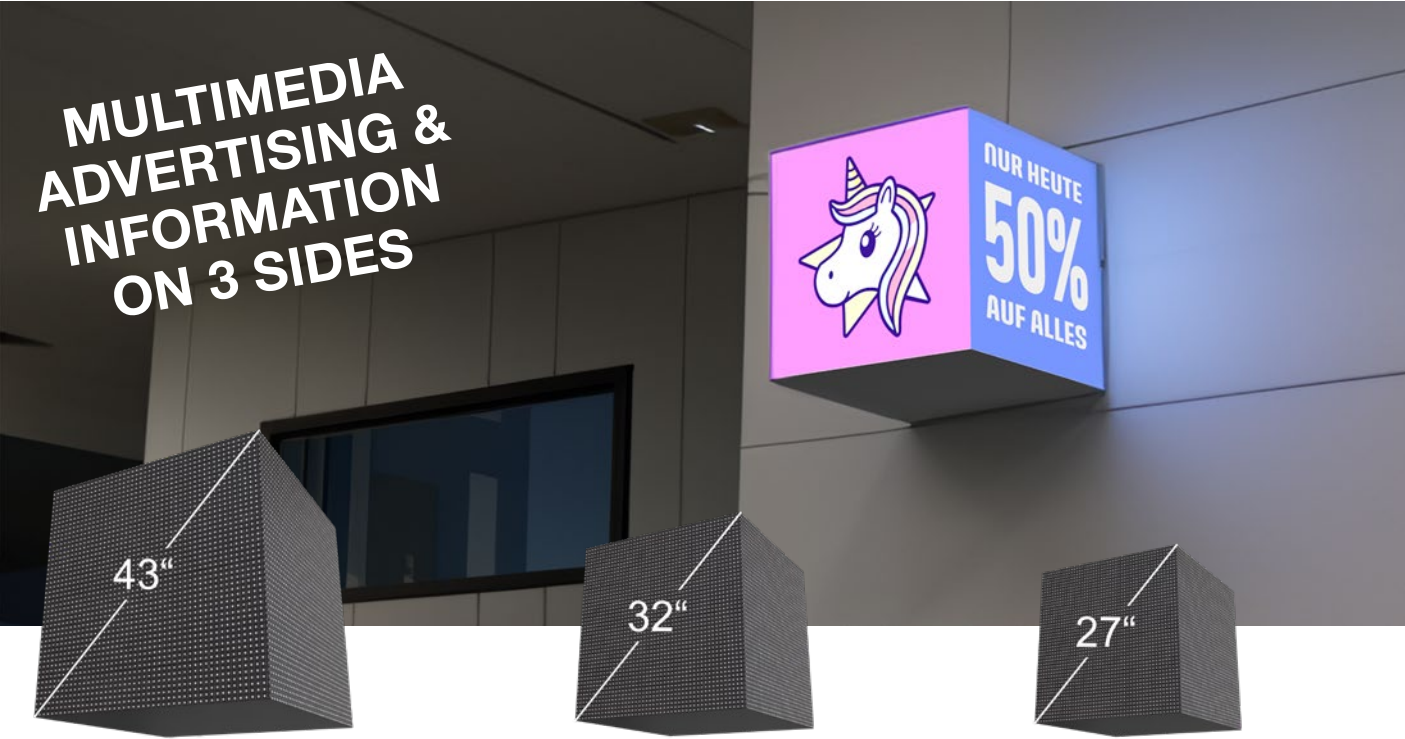

With our new LED cube signs as wall, ceiling, or tower systems, you can showcase advertising and information as images, text, or videos from anywhere in the world via the internet. They even allow real-time display of news headlines, stock prices, weather information, or time and date, alternating as desired.

The daylight-compatible LED cubes stand out from afar due to their high brightness as well as the static and animated capabilities they offer. The activation times and brightness are adjusted according to the time of day.

The LED cubes are suitable for all weather conditions, ranging from -20 to +40 °C, and are designed for continuous operation. We provide a nationwide service for installation, setup, and software training all in one.

LED CUBE WALL SIGN

LED CUBE WALL SIGN 43"

LED displays: 3-sided
Size (W x H x D):
Total: 768 x 768 x 898 mm
LED cube: 768 x 768 x 768 mm
Operating performance: 50-100 %
approx. 640-1600 W/h
Resolution: 3 mm pixel pitch

LED CUBE WALL SIGN 32"

LED displays: 3-sided
Size (W x H x D):
Total: 576 x 576 x 706 mm
LED cube: 576 x 576 x 576 mm
Operating performance: 50-100 %
approx. 400-1000 W/h
Resolution: 3 mm pixel pitch

LED CUBE WALL SIGN 27"

LED displays: 3-sided
Size (W x H x D):
Total: 500 x 500 x 630 mm
LED cube: 500 x 500 x 500 mm
Operating performance: 50-100 %
approx. 240-600 W/h
Resolution: 3,91 mm pixel pitch

- 3-sided
- 4000 nits
- SMD-RGB
- 220-240V
- 20/+40°
- IP 55
- 50 000 hours
- LAN/Wi-Fi
- incl. app iOS/Android

All technical specifications are subject to minor variations and tolerances.

LED CUBE CEILING SIGN

LED CUBE CEILING SIGN 43"

LED displays: 4-sided
Size (W x H x D):
LED cube: 768 x 768 x 768 mm

VIEW
FUNCTION

**EASY SETUP &
CONTENT CREATION**
with the included software

SOFTWARE & APP INCLUDED

All LED cubes come with complimentary software. The installation process is very straightforward. You can easily integrate the LED cubes into your network by following the instructions and explanatory videos.

Using the design editor, you can create content such as texts, images, graphics, and videos. You can also easily add time, temperature, and date with just a few clicks.

Save your playlists and start them at the desired times. Optionally, you can also display RSS feeds as text tickers, including news headlines, stock market updates, sports news, social media feeds, or complete weather forecasts for up to seven days.

MANAGING A VARIETY OF LED CUBES

With the software, you can program and manage an unlimited number of LED cubes in your network. Optionally, you can also control them at different locations via the internet.

APPLICATION & PROJECT SERVICE

We offer a complete range of services with our team of experts, including user consultation, content development, installation, software setup, commissioning, and support across Europe.

WE OFFER NON-BINDING CONSULTATION

Be inspired by the modern multimedia capabilities. We provide non-binding advice on all the possibilities.
