

From Senior Services Board of Directors March, 2026 Board Meeting:

We had a great Board Meeting this month and wanted to share a few highlights with our community!

We continue to see strong participation across our sites, with many locations welcoming new attendees and growing programs.

Exciting things are happening locally! From building updates to the upcoming dedication of the Casco Township Hall Senior Activity Center, we're proud to be part of such a supportive community.

Our team recently assisted a senior in need after storm-related damage—just one example of how we're here to support our community beyond daily services.

We are also working on important updates, including improvements to our Personnel Handbook and planning for future ballot initiatives to support senior services.

Additionally, we discussed ways to better support our volunteers and staff, including mileage reimbursement adjustments in response to rising costs.

Thank you for your continued support of Senior Services of Van Buren County—we are grateful to serve such an amazing community!
