A screenshot of the Google Drive interface showing the 'My Drive' view. The sidebar on the left shows 'Home', 'My Drive' (which is selected and highlighted in blue), 'Computers', and 'Shared with me'. The main content area shows a list of files and folders. A red arrow points from the 'Sort' button in the header to a context menu that is open over a folder. The context menu includes options like 'Download', 'Rename', 'Share' (which is circled in red), 'Copy link', 'Organize', 'Folder information', and 'Move to trash'. The 'Share' option is highlighted with a red circle.
