Region

7 DAYS

The Essence

Seven days in the Emilia-Romagna region immersed in historic residences and outstanding resorts, surrounded by spas and the quiet of ancient vineyards, by racing tracks where legends of speed still roar and Michelin-starred restaurants where tradition meets art. Experience an exclusive journey where every moment is private and unique: from sensory wellbeing to the thrill of Ferrari, from the UNESCO-listed *porticos* to the precious balsamic vinegar, and from private wineries to the stunning Renaissance villages. Live a luxury that is not ostentation, but a form of listening, welcome, and elevation—all the way to the day of departure, with the lightness of one who has truly experienced beauty.
