# The Essence

Seven days surrounded by the Langhe, Turin and the Piedmont lakes, immersed in monasteries transformed into enchanted relais', UNESCO-listed underground cellars, Michelin-starred restaurants and truffle rituals. Discover the royal art of Turin, the exclusive chocolate tasting, and travel across the hills in vintage cars wrapped in the liquid silence of Lake Orta, until you reach Villa Crespi, where cuisine becomes ritual. Live an exclusive tour of refined elegance, where every gesture is made for those who quietly seeks beauty.
