Scarborough Bicycle Accident Law

Cyclists Representing Cyclists · (813) 253-0097

If you're ever involved in a car-bike accident, knowing what to do in the moments after can protect your health, your rights, and your recovery. Scarborough Bicycle Accident Law is a cycling-focused personal injury firm founded by a trial lawyer with 34 years of racing experience — they understand what's at stake for riders.

1. Stop & Call 911

Stay calm. Call 911 immediately. Get a police report — this is critical documentation for any future claim.

2. Document Everything

Photograph the scene, your bike, injuries, the vehicle, and road conditions. Get driver info, insurance, and witness contacts.

3. Seek Medical Attention

See a doctor even if you feel okay. Injuries like concussions and soft tissue damage may not be immediately apparent. Medical records protect your claim.

4. Contact a Cycling Attorney

Don't talk to insurance companies alone. Scarborough's team handles all communications, documents your bike losses component by component, and fights for full recovery.

Scarborough Bicycle Accident Law represents cyclists nationwide. They use your ride data — power, performance, training loss — to build stronger cases and maximize your recovery.

Course Segments

The Ring of Fire race course is broken down into several distinct segments, each offering unique challenges and features. Understanding the course layout is crucial for race strategy.

Aid Stations & Hydration

Aid Station 1 — Dutchman

Mile 11.5 — Primary hydration only. Hammer Heed and Water. Lite snacks. No drop bags. Located on Swampy-Dutchman Trail #40.

Aid Station 2 — Skyliner

Mile 27.8 — Full service aid. Salty and savory treats available. **Drop Bag Location** — label your bag clearly with your name and race number. No racing in Aid Station areas. Located near Tumalo Creek / Skyliner Trail.

Aid Station 3 — Meissner

Mile 37 — Full service aid. Salty and savory treats available. **Drop Bag Location** — label your bag with your name and race number. Located at Meissner (off course, on your left). Cross the highway safely with certified flaggers. **Cutoff: 2:30 PM.**

Drop Bag Tips

- Drop off bags before **8:30 AM** on race day at Wanoga Snow Park — look for the designated space adjacent to registration.
- Label all bags with your name and race plate number.
- Drop Bag locations: **Aid Station 2 – Skyliner (Mile 27.8)** and **Aid Station 3 – Meissner (Mile 37)**.
- Bags will be transported to the finish area after the race.
- Keep bags lightweight — include nutrition, hydration, clothing layers, or spare tubes.

Plan your nutrition carefully — there are long gaps between aid stations. Carry sufficient water and food between stops.

Danger Zones & Chill Zones

Safety is everyone's responsibility. Respect speed limits in Chill Zones and communicate with other riders in technical sections.

Danger Zones

Mile 16.7 — Metolius-Windigo Trail #99

A few steep Gotcha sections while heading downhill. Endos are possible!

Mile 22.1 — Farewell Trail #26

Technical all the way down! Give space and talk to each other as you make your way.

Chill Zones

Chill Zone 1 — Mile 25.1

Maximum 5 MPH. Located at the bottom of Farewell Trail descent prior to Tumalo Falls RD

Chill Zone 2 — Mile 37.3

Under 10 MPH. Exists until you cross safely at the HWY. Aid station on left off course.

Key Trails

The Ring of Fire course features several notable trails, each contributing to the unique experience and challenges of the race.

Swampy-Dutchman Trail #40 — Miles 4.5–8.3

A flowing singletrack through the Swampy Lakes area. One of the longer trail segments early in the race.

Metolius-Windigo Trail #99 — Miles 16.3–20.4

Iconic trail with steep descents. Watch for Gotcha sections. Endos possible.

Tumalo Creek Trail #25.1 — Miles 27.7–27.9

Short but scenic creek crossing section near Aid Station 2.

Flagline Access Trail #40.1 — Miles 11.5–14.0

High-elevation singletrack with great views. Keep right at key junctions.

Farewell Trail #26 — Miles 21.9–25.1

Technical descent. Give space, communicate. Leads into Chill Zone 1.

Tiddly Winks (Upper) — Miles 49.5–52.3

The final push to the finish. Flowing singletrack to close out the race.

Safety

 Helmets required anytime you are on your bike at this event.

 Ham Radio support on course from ARES of Bend. Basic first aid onsite. Contact: Mike Ripley / Mudslinger Events — 541-225-7946

Understanding and adhering to safety protocols is paramount for a successful and enjoyable race experience. Please review the following key safety points:

Roads Are Open

All roads and road crossings are open to traffic and other trail users including hikers and bikers. Stay alert at all times.

Help Downed Riders

If you see a rider down, stop to assist. Get their plate number and report to race personnel with approximate location on course.

Medical Response

It can take up to an hour or more to reach your location depending on where you crash. Use caution and ride within your limits.

DNF Protocol

If you do not finish, report your plate number to officials at the finish. Let staff know if you need medical attention beyond basic first aid.

Stay Hydrated

Carry sufficient water between aid stations. The course is 52.3 miles with limited support stops.
