CONVENIENCE

Life is busy. Juggling your day-to-day and staying on top of your family's health care can be a challenge, so we've set up our new portal to help! Our practice's online tool enables you to communicate with us easily, any time and from anywhere.

You can access your child's medical records on your smartphone through our secure patient portal. Using a secure password and user ID, you can log into our practice 24/7 from your home or office. All you need is a mobile phone, tablet device or computer with internet access.

SECURE PAYMENTS

You can view and pay account balances for your child or your family through our new patient portal.

ACCESS INFORMATION

When you access our patient portal, you can review your child's health information including:

- Most recent physical date
- Upcoming appointments
- Historical visits
- A complete immunization record

You can download or print your child's immunization record directly from our new patient portal.

SECURE MESSAGING

You are able to communicate with our office by sending and receiving secure messages on our new patient portal and request:

- Asthma/Allergy Refills
- ADD/ADHD Med Refill
- DME Assistance
- Referral Requests
- Wellness Appointment Requests
- Form Completions:
 - Sports Physicals
 - FMLA
 - Asthma Action Plans
 - Camp Forms, etc.

**Patient portal is not intended for medical advice.*
