Our charge includes but is not limited to staff, facilities, and vehicles to respond to initial requests for service 24 hours every day, consultation with the survivors, coordinating service plans with cemetery, crematory, and/or other parties involved in the final disposition of the deceased, sheltering of the deceased, procuring death certificates and permits, consultation and assistance with procuring various death benefits, accounting and billing, regulatory compliance, legal and audit fees, postage, printing and supplies, telephones, insurance, salaries and benefits for our staff, various county, state and federal taxes, and fees. (This fee is already included in our charges for direct cremations, immediate burials, and forwarding or receiving remains.)

B. EMBALMING **\$655**

Cremation Service Options

It will be necessary to select or provide a container for any viewing and/or the cremation process as well as a container for the cremated remains. We offer a wide variety of rental and combustible containers for cremation. We also offer a wide variety of distinctive and value-priced urns. We can package, transport, and mail cremated remains by U.S. Postal Services Express Mail (other carriers will not accept cremated remains) anywhere in the United States for \$150 (add cost of urn). Express Mail is typically an overnight delivery in the continental U.S. Because we schedule our crematory days in advance, and due in part to the time involved in meeting the legal requirements of the death certificate and disposition permit, we ask for 3-4 days following death to complete the cremation process. Let us know if this creates difficulty – we'll try our best to accommodate you.

The Direct Cremation Options include sheltering/refrigeration for up to 4 days (other cremationists charge extra for each day of refrigeration.) We also provide a windowed room that allows you to be present for the start of the cremation process. There is a charge of \$495 to reserve the room and cover the additional time of our staff.

FINAL IDENTIFICATION OF THE DECEASED

Cremation is an irreversible process. Where there is human involvement, there will always be the potential for human error. This can apply to hospital, coroner, and mortuary staffs. To be safe and sure, for your peace of mind and ours, we suggest a positive identification of the deceased before cremation. In our memorial service and direct cremation option there is no embalming and only a very limited time that the deceased may be transferred out of refrigeration and identified (refrigeration or embalming are required by state law 24 hours after death – CRS 12-54-111). So that the deceased remains in an essentially refrigerated state, we respectfully request that the identification be for no more than 20 minutes from the time we agree to begin. In the interest of full disclosure while minimizing movement of the deceased, the identification occurs in the container that will shelter the deceased prior to cremation and will be later consumed in the cremation process. We will also dress the deceased in any clothing provided. If you decline the identification, please allow at least 48 hours before the cremation process begins. Pre-cremation viewing charge is \$395.

Receiving A Deceased Person From Another Mortuary \$1,750

MINIMUM DELIVERY TO CEMETERY

This discounted package includes basic services of funeral director and staff (discounted to reflect already-secured death certificate/disposition permit and reduced involvement of other personnel), transfer to mortuary from airport or other point in the metro area, and the use of funeral coach or van to a local cemetery. This package presumes no ceremony and no other use of the funeral home and that we may deliver to the cemetery at the time of our choosing. Add to the fee of \$1,565 any additional services selected, such as graveside ceremony, other preparation - dressing/casketing, viewing/visitation, and funeral service at chapel or church. If the forwarding arrangements to Denver are made directly by the family with a forwarding funeral director, eliminating the need for our staff to meet and coordinate any details with the family, this discounted package will be further reduced by \$175.

Forwarding A Deceased Person To Another Mortuary \$2,095

MINIMUM TRANSFER

This discounted package includes basic services of funeral director and staff, transfer to mortuary from place of death, embalming, use of funeral coach or van to local point of embarkation (airline or other shipping charges not included), and utility vehicle. Other items that may apply and could be added to the billing are a combination shipping container (\$160) or air tray (\$140). If the forwarding arrangements are made directly by the family with a receiving funeral director, eliminating the need for our staff to meet and coordinate any details with the family, this discounted package will be further reduced by \$175.

STANDARD TRANSFER – VIEWING ONLY, NO FUNERAL SERVICE **\$3,150**

This discounted package includes basic services of funeral director and staff, transfer to mortuary from place of death, embalming, other preparation - dressing/casketing, one-day viewing/visitation, use of funeral coach or van to local point of embarkation (airline or other shipping charges not included), and utility vehicle. An air tray may be necessary (\$140). We appreciate the survivors' choice to view when we provide other preparation – dressing/casketing, so as to verify that our work in this regard is satisfactory and to avoid any additional charges by the receiving mortuary for any changes to the appearance of the deceased. If our mortuary is coordinating a funeral, disregard this section and refer to the General Price List for items that apply and add the air tray if selected or necessary.

GRAVESIDE BURIAL SERVICE **\$4,695**

This discounted package includes basic services of funeral director and staff, transfer to mortuary, embalming, other preparation—dressing/casketing, one day viewing, use of funeral coach to cemetery, and funeral director and staff for graveside service. Add casket, memorial products, catered reception, limousines, and escorts as selected.

Immediate Burial **\$2,550 to \$11,545**

Immediate burial is the process of arranging for burial of the unembalmed body as soon as possible. This service is preferred by members of the Jewish, especially Orthodox and Conservative, and Muslim faiths. We offer separate, specially configured facilities for ritual washing as dictated by the religious faiths we serve. Our staff is also fully knowledgeable in serving these faiths.

Difficulties in filing a death certificate and securing the necessary legal permit immediately and/or a cemetery's inability to open a grave on short notice may require that the body be embalmed (\$655) or refrigerated (\$95 per day) so as to comply with State of Colorado health regulations requiring a sanitary disposition of the deceased within 24 hours (CRS 12-54-111). We include 4 days of refrigeration at no extra charge. The casket must stay closed at all times in order to comply with company policy and state law that the deceased be in a refrigerated state.

The Immediate Burial options presume that we deliver the deceased to the cemetery for burial at the time of our choosing and that there is no viewing or commemorative gathering involved. A commemorative service, which increases staff time for planning and assistance, can be added – see add items H. (graveside ceremony only \$575) or G. (memorial ceremony only \$575). Adding other service options, such as commemorative services at both the chapel/church/ and grave, requires full non-discounted itemization. This discounted package includes basic services of the funeral director and staff, transfer to mortuary from place of death, other preparation, dressing/casketing, use of funeral coach to local cemetery, and utility vehicle.

IMMEDIATE BURIAL WITH CASKET PROVIDED BY THE PURCHASER **\$2,550**

IMMEDIATE BURIAL WITH CLOTH COVERED "STATE CASKET" **\$4,000**
