

Connecting Rural Communities - Access, Opportunity, and Independence

Access to Essentials

Provides vital connections to healthcare, jobs, education, and groceries.

Workforce Solutions

Recruitment toolkits, training programs, and retention strategies for a strong driver workforce.

Innovative Modes

Microtransit, volunteer driver programs, and flexible routes expand service options.

Smart Technology - Tools

RideSheet, GTFS Builder, and mobile booking keep riders informed and on time

Ideal Vehicles

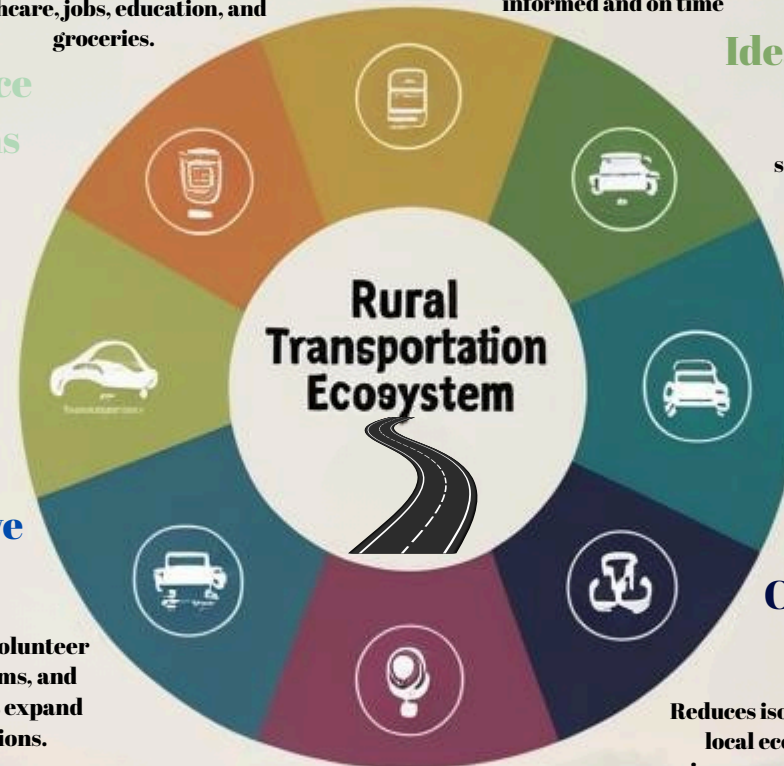

Fuel-efficient, ADA-accessible, modular seating, with GPS, Wi-Fi, and safety features

Collaboration & Efficiency

Shared call centers, joint purchasing, and service coordination reduce costs and improve coverage

Community Benefits

Reduces isolation, supports local economies, and improves public health.

“National RTAP provides training, technology, and resources to help rural transit agencies deliver reliable, inclusive service.”
