

# Print Study Guides & Book Studies

These Print Study Guides and Book Studies are physical resources available at Hope and serve as ideas and options for Small Groups looking for structured, in-person studies. They include Bible book studies, topical discussions, and longer-term series that groups can explore together.

Not every group will use these the same way — and that's okay! These materials are meant to spark ideas and provide trusted starting points.

**Access:** Please contact Wesley before using or checking out materials.
