

SMOOTHFILLER[®]
SMOOTH.
FILL.
RESTRUCTURE.

Breakthrough Demi-Permanent Smoothing Service

THE UNIQUE BENEFITS

A new demi-permanent approach to smoothing.

**Smoother hair. Reduced frizz.
Easier and faster styling.
Restructured hair.**

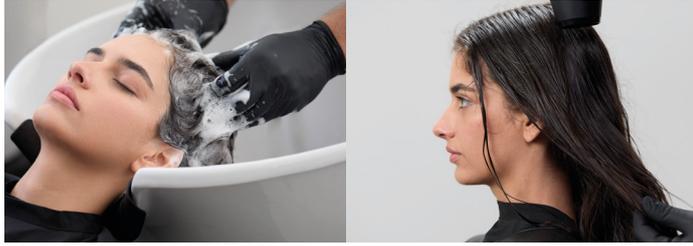

- +20% more profitable
- Reduced steps & time by 40%
- Worry-free salon experience. (Low fume formula)
- Only 20 minutes development time
- Last up to 3 months, no visible regrowth
- Smoothfiller & Color Touch service possible during same appointment
- No post-service restrictions for client; hair can be washed right after
- Minimalistic formula, only 8 ingredients.
- Silicone free, Fragrance free.

SERVICE STEPS

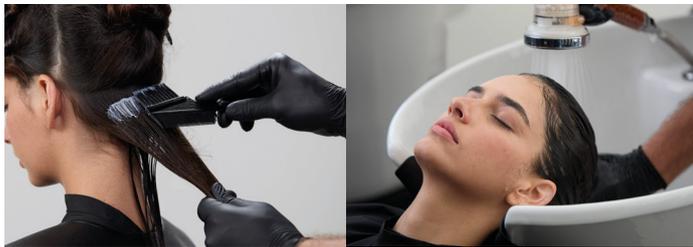

1/PREPARATION

- Shampoo the hair. Do not use conditioner.
- Pre-dry until 80% dry.

2/APPLICATION & DEVELOPMENT

- Apply the product, stay 0.5 cm off scalp. Develop for 20 min.
- Emulsify and rinse.

3/THERMAL ACTIVATION

- Blow dry until 100% dry.
- Straighten the hair in small sections, repeat 6-12 passes per section.
- After thermal activation, Smoothfiller service is ready.

THERMAL ACTIVATION

HEAT

Choose heat based on hair structure.

HAIR	FINE	MEDIUM	COARSE OR RESISTANT
Virgin or resistant	180°C	180-210°C	230°C
Coloured & sensitised	180°C	180-210°C	210-230°C
Extremely sensitised	N/A	N/A	180-210°C

PASSES

The number of strokes is determined by the desired transformation.

FOR SOFT RESULT / FRIZZ REDUCTION	6-8 PASSES
FOR MAXIMUM SMOOTHNESS	10-12 PASSES

FOR COLOUR CLIENTS – POST-SMOOTHFILLER SERVICE

For Color Touch clients receiving a SmoothFiller treatment, it is advisable to follow with a Color Touch service as part of the appointment.

SmoothFiller can influence the final colour result, leading to a softer or less intense finish. Adding a Color Touch service afterwards allows you to refine and enhance the overall result.

This step is optional and should be considered based on the desired end result. It's recommended to allow an additional time following the SmoothFiller treatment if including this step.

BEFORE COLOURING

- Gently cleanse the hair with **Ultimate Smooth Shampoo** to rebalance the pH.
- Wet the hair, apply shampoo, lather, and leave for 10 minutes before rinsing.
- Apply Color Touch to pre-shampooed, towel-dried hair.
- Develop for up to 20 minutes, rinse thoroughly, and complete the service with a post-treatment, dry and style as desired.
