ATF Explosives License # 6-NY-087-20-7L-01079

Minority, Woman-Owned, Small Business

DUNS: 967026584 CAGE Code: 1BUP8

Protecting high-risk environments with proven detection, mitigation, and security systems without disrupting operations.

PROVEN IN THE FIELD

- Deployed across U.S. federal and critical infrastructure environments
- First integrated explosive detection checkpoint systems in the U.S.
- Established blast mitigation performance standards
- Trusted training partner to U.S. and NATO security forces

CORE CAPABILITIES

Explosive Threat Prevention & Interdiction

Identify and disrupt explosive precursor materials before threats form.

Blast Mitigation

Bomb-resistant receptacles for public and high-risk environments

Security Systems Integration

Integrated surveillance, screening, and system optimization

Training & Operational Support

T3 programs, field instruction, and lifecycle support

Development & Manufacturing

Engineering, production, and deployment of mission critical solutions
