

# FACING NAC SYSTEM EOL/EOS? UPGRADE NOW!!

## Switch Swiftly & Safeguard from Challenges with EOL/EOS NAC Systems

Multiple NAC vendors have announced the End-of-Life/End-of-Support (EOL/EOS) of their Payment NAC systems. This could lead to challenges for existing payment services providers using these systems, affecting business performance and customer satisfaction. Make a timely transition to the NewNet payment systems, which not only safeguards against these challenges but also offers added benefits, including seamless cloud migration, high return on investment and future proofing.

**NewNet Secure Transactions is dedicated to provide top class, global payment solutions with unmatched features, robust roadmap and is extensively experienced in migrating systems of impacted payment providers.**

### Avoid Crash & Burn! Switch!

#### CHALLENGES & RISKS WITH EOL/EOS

##### Security Risk from Vulnerabilities

EOL/EOS payment systems lack updates, making them vulnerable to cyberattacks, data breaches, fraud, theft. Sensitive data, payment information, and business reputation are at risk. Switch to secure solutions now

##### Non-Compliant with PCI Standards

EOL/EOS payment systems risk non-compliance with the latest PCI security standards, leading to fines, penalties, and potential legal actions. Ensure compliance with secure solutions.

##### Lack of Essential Security Patches

EOL/EOS payment systems miss vital security patches, resulting in system errors, downtime, lost revenue. Customer loyalty and experience are at stake. Upgrade to secure solutions now.

##### System Failure Disrupting Operation

EOL/EOS payment systems may encounter hardware failures and lack scalability, causing slow processing and frustrated customers. Ensure operational efficiency and profitability with upgraded solutions.

##### Missing Newer Payment Protocols

EOL/EOS payment systems lack support for newer payment types, limiting payment options, customer reach, and competitive advantage. Embrace modern payment systems for enhanced convenience and customer satisfaction.

#### NewNet: Your Reliable Partner

**Choose NewNet to Swiftly Overcome EOL challenges, act proactively, and find peace of mind. We ensure your business is supported before it's too late**

## MIGRATE TO NEWNET

#### STAY AHEAD WITH FUTURISTIC SYSTEMS

NewNet provides futuristic payment systems with a robust roadmap of features, enhancements, and innovations. We empower payment providers to meet industry and customer demands, staying ahead of the curve.

#### EMBRACE LATEST PAYMENTS TYPES

NewNet solutions support cutting-edge payment methods, including mobile/web transactions, contactless cards, digital wallets, QR codes, NFC, A2A payments, and more. Enjoy enhanced convenience, security, and choice as a payment services provider.

#### POWERING SEAMLESS PAYMENT OPERATION

Experience resilient, continuous payment operations with NewNet's high-performance, high-availability, and high-scalability systems. Process transactions faster and smoother without interruptions.

#### PCI COMPLIANT PAYMENT SYSTEMS

Rest easy with NewNet's fully PCI compliant systems, featuring secure encryption, tokenization, and data protection. Avoid fines, penalties, and legal actions with our robust security measures

#### STRONG SECURITY AGAINST VULNERABILITIES

Enjoy robust security with NewNet systems, regularly updated with patches to protect against cyberattacks, data breaches, fraud, and theft. Your data stays safe and secure.
