Breeding Information

All of the bred females have been ultra-sound pregnancy checked by our veterinarian. We have listed all the information we know in the catalog but cannot 100% guarantee the accuracy. We do guarantee that all bred females are bred and that they will calve within a tight window to the vets diagnosis.

Herd Health

Health papers for interstate travel will be available. Bred females have been pregnancy checked safe by a licensed Veterinarian. The buyer has within 21 days following the sale to re-pregnancy test their purchases. If any animals are found open within those 21 days you must notify Ferguson's at once for an adjustment to be made. Updated breeding information will be available on a supplement sheet sale day, this sheet will take precedence over statements in the sale catalog.

Air Travel

Sale site is located about an hour from Cleveland, Ohio. Airport services all major airlines.

Online Bidding

Real time online bidding available through www.liveauctions.tv. Questions regarding this service may be directed to 937-515-1194.

Video Auction

This is a video auction, please come to the sale sight early to view all of the cattle in the flesh. Online videos will be posted prior to sale week at: www.fergusonshowcattle.com and www.dwyercattle.com

Terms & Conditions

Cattle sell per the terms & conditions of their respective breed associations. Announcements from the auction block on sale day regarding the cattle selling in this sale will take precedence over the information printed in this catalog.

No cattle will be loaded until paid for. Terms are cash, check with proper ID (i.e. driver's license), or Master Card/Visa will be accepted with a 3% fee. For example, if you are the successful bidder at \$1,000 and you charge your purchase using your credit card. Your credit card statement will show a payment of \$1,030.

Registration Transfers

Please leave your transfer information and/or breed association member number with the sale clerks at the completion of the sale.

Sight Unseen Buyer Guarantee

If you can't attend the sale, contact one of the owners, sale managers, or consultants for information regarding our sight unseen buyer guarantee. We will arrange for a member of the sale staff to discuss the cattle with you. Bidding can be done via phone or by a confidential bid prior to the sale. Please call between October 14th-October 21st to obtain a bidder number. We will arrange to have someone call you when the lot(s) you are interested in, enters the sale ring. Please note that our sale will start on time and will move quickly, so be prepared to make your bids promptly.

Welcome

Welcome to our 6th Annual Fall Production Sale. This sale will be our largest to date with unbelievable quality throughout the sale. Walking or riding through the cattle Lindsey and I are beaming with your anticipated evaluation of our offering. Our opens are sired by the most relevant sires and are quite amazing this year with a large group that will compete at a national level and a group that will compete at a local level and then turn into donors and front pasture genetics.

Gemstone, Sweet Emotion, 990G, 6026D, Neon Rey and Ericas Lutton donors have stood the test of time and continue to raise the bar while adding daughters of their own to step up to the plate. Make no mistake these bred are not left over opens. They were bred to be maternal cattle that can make progeny that will perform in whatever avenue you choose. Within the group of cattle I think you will find genetics for all operations. We love to hear from our customers and their successes. The use of Epic, Double Up, Hitman and Lover Boy were a huge hit last year.

Recently the donation heifer sold at the Ohio Beef Expo to Missing Rail Simmentals, a daughter by Sweet Emotion x 20-20. She went on to be Grand Champion of the Ohio Junior Simmental Memorial Day Classic. She was 3rd in Division at the American Junior Simmental Association Eastern Regional and Reserve Champion Simmental Female at The Ohio State Fair. A thank you to Missing Rail for believing in our program.

Our bulls this year are a smart group being very diverse in their type and kind. A very special herd bull prospect FSCI Right Time J189 with crazy numbers has a huge spread from birth to yearling weight, and to top it off his docility score is true to form. Sell semen or use him to sell on the grid!

On the family front, Hudson Clyde, who was born just weeks before last year's sale, has overcome some adversity. I believe he will be trying out for middle linebacker sooner than later. Ryan and Lindsey are unbelievable parents that work hard every day. John and Holly are expecting my 3rd grandchild, a baby girl going by "Poppi." We are thinking she will be born shortly before the sale. John's business is as successful as ever. Holly, I think you should get hazard pay. I don't think pencil stab wounds were part of the program. Miss Noli is the cover girl and the princess of our troop!

I am sure you have noticed the amount of online sales. Seems like every hour in Vogue. There is a reason for that; it sure is easier. With that I offer up my great appreciation to everyone who is involved to showcase our elite genetics on a live platform. I revel in Lindsey's enthusiasm to produce a better product and organizing the team to meet dates and times. Scott Lehman did another fantastic job managing cattle and breeding all the cattle. All while making time for his wife Sara and his two boys Griffin and Gabe. Pat Campbell was our pit crew keeping the mechanical things running and managing hay fields. The show barn and rodeo crew consisting of Garrett Bosse, Andrew Lyle and Gina Sheets kept it real all summer. A huge thanks to Eric Montgomery for helping in the winter months when things get ranchy. A special thanks to Lindsey's husband Ryan who helps out immensely on our labor of love vocation.

I want to truly thank all of our past, present and future customers for embarking on the same journey we love. We are always available for help and to answer any questions. We thank you for taking the time and consideration to evaluate our genetics!

God Bless America,
John J. Ferguson

SCC SCH 24 Karat 838 - Sire of Lot 6

We purchased the original Ellie cow from Collison Angus quite some time ago. Flushed her to Meyer 734, couldn't keep them in stock. Then to Saugahatchee making Ellie 39Y3 who only made us half bloods until now. Why weren't we flushing these to Angus especially with the success Udells have had making national champions? We present the first Ellie Angus by 24 Karat. A blind man could find this one in a crowded subway. This one can stand some serious heat!

FSCI Ms Ericas Lutton Family

Lot 7

FSC Ericas Lutton - Granddam of Lot 7

Lot 7: A third generation purebred Angus from Erica. Taylor Poff showed L311's dam with great success. These Gateway Follow Me's are tearing it up on the tan bark. This one needs to find a show barn and start collecting residuals.

Lot 7A: An Erica By Bankroll that checks all the boxes. This goggle-eyed beauty will surely get your attention. Clean fronted, big hiped and moves like a model. She will have enough gas for the long haul.

We sold half interest in a Erica x Dominique a few years a back for a \$30,000 valuation. Unfortunately, we lost her a few years back but not before we flushed her. J126 is halter broke and a class winner at the Ohio State Fair as an open. Don't dwell on the API because she's easy doing, easy on the eyes and an easy buy.

J121 is part of the Erica tribe. We sold FSC2 Bella to Chris Effling in Denver. To say Bella has been successful is understatement. Producing a broker Denver bull grand champion and many more sale toppers and show winners. Lindsey and I thought so much of Bella that we went and purchased a daughter. J121 is sired by TT Gritt 694G CK Cattle's herd sire.

FSC Ericas Lutton Family

Lot 11C: Another Erica 54Y donor daughter by Player. Outcross genetics moves exceptionally well. Big hiped and a quiet disposition.

Lot 11D: A daughter of the Great Erica Lutton. A full sib was a class and division winner in Denver and sold for \$25,000. Erica has had a huge impact on our herd and others. J168 is sexy, ultra-feminine and geek necked with a smooth shoulder.

BNWZ Data Bank 1311C - Service Sire of Lot 18

In last year's sale, we sold a maternal sib by Bankroll sold to Adam McMahan for \$7,000. Fort Knox puts mass into them no doubt. Genetics go back to Dream Girl (Habanero x Northern Improvement) The \$20,000 Frozen Gold sensation; I think that's \$100,000 in today's money. So Lindsey and I visited Brent Tolle and he suggested we breed some power Simmental to Data Bank. We believe this may just be the perfect cow for that bull. Reap the Rewards!

LLSF Neon Rey Family

Lot 18A: FSC breeding at its best. Jefferson F821 is a full sib to Loaded up mated with our Sharper Image sired female. Monster hipped and big barreled, these Sharper Image's are power cows. Quick payback on this one.

Lot 18A

FSCI Neons Regard C505 - Dam of Lot 19

Lot 19: We have always liked our Neon Reys. Power. Mass. Bone. They don't give up anything. J142 is built for the long haul. This one is a little quicker than most but decent in a group. Nervous in close quarters.

Lot 19

A moderate belly draggin beast, X11 was a model cow. As a cow/calf pair she was 4th overall at the Jr Nationals. That calf then sold for \$7,500 in Louisville. Her progeny have sold consistently from \$5,000-\$14,000. X11's udder was unbelievable and her progeny all followed. You can't put much more middle in a cow. Looks like an Angus but her papers say otherwise.

Powerful Bred Heifers

Lots 25: The year before last we sold a group of Mr Anchor D677 breds and they were a hit. We sold the bull based on that group of females. This is your chance to get one by the very consistent Sweet Pea. Bred up early to Bet on Red and that bull works on our cattle. No brainer on Sweet Pea.

Lots 26: Outcross genetics. Pulling some older, good stuff out of the tank making this lady. Coleman cows work on anything you throw at them. Sleek and feminine she will have a great udder.

Lot 25

H20S/FSCI Miss Style G10 - Dam of Lot 29

Lots 29: We sold J149's dam to Delaney Chester and worked out a flush. Typical Fort Knox middle on a little bigger frame. Honey x Styles' are getting it done in the show ring and in the pasture. Bred up to Epic for early Success!

Lots 28: IN 2021, Lindsey and I traveled to South Dakota to Werning's. We fell in love with 85F. She is just massive in her makeup. Even when I'm out working in the pastures I will stop and run over and check her tag. The only difference between 85F and Joy is that Joy isn't a baldy. Quiet disposition and a JOY to be around. Projected mating for calf EPD's...5 in top 15%, 7 in top 20%, 12 in top 30%.

With great reluctance we offer this bull for sale at public auction, breeders have had serious inquiries on his future. As you can see we used him to run behind these heifers. WS Miss Sugar C4 commanded \$210,000 as a 7 year old. An elite female, among the many AI sires she has produced are WS Proclamation KBHR High Road, LCDR Favor, KBHR Honor and LCDR Impact to name a few. Miss Sugars EPD profile is Elite. FSCI Right Time J189 is in The Top 4% on API and TI. Bulls don't look this good and have numbers through the roof. A big plus is he lives up to his docility number.

Propelling Programs Forward

We welcome you to the 6th Annual Rare Vintage Production Sale at Ferguson Cattle! Each and every breeding season the Ferguson crew strives to produce a set of cattle for this sale that are deeper, and even more elite than the season before. As you look through this offering I'm sure you'll agree that John, Lindsey, and their support staff have hit that target. Ferguson Cattle has spent the better part of two decades concentrating on building a cow herd with a focus on quality and maternal functionality. The look, power, structural correctness, and potent production record behind this herd is second to none!

Within this sale offering you will find a tremendous set of cattle in each category who come backed by some of the most forward reaching sires and dams in the Simmental & Angus herd books today. The Ferguson donor pen has helped propel programs across the nation to the next level over the course of the last two decades with progeny earning Champion honors at Majors, and sons and daughters who have topped sales all across the country. As you look through this book be sure to note the influential cow families backing this group.

If you have never made the trip to Ferguson Cattle I can assure you that this set of cattle being offered, and the herd representing this offering are well worth the trip to Northeast Ohio. You'll find the hospitality offered by the Ferguson family is second to none, and if time permits I highly suggest coming to the sale site early to allow time to view the donor battery as well as the herd that produced this offering. This year's offering is extremely deep in quality in each and every category and I truly feel there is a long list of must have females and sires within this offering.

One of the most important aspects of this program is not just the high level of attention given to producing cutting edge livestock, but the attention to customer service after the purchase is unmatched at Ferguson Cattle. John, Lindsey, and the crew at Ferguson Cattle stand behind their products being offered, and are very proactive in assisting their customers every step of the way.

With that we look forward to welcoming each of you to Jefferson, Ohio to take part in a fun weekend and to view a tremendous offering. If you have any questions along the way feel free to reach out and we will be more than happy to steer you towards the lots that will best serve your goals.
