History of Germanfest

Sacred Heart Parish has had a summer fundraiser since its earliest days. Generally, it took the form of a picnic and ice cream social. In 1974, it was transformed into Junifest (June festival), a German summer festival with wonderful home-cooked German foods and a Gala Garten. This was most appropriate since we are the daughter parish of St. Joseph Church; the original parish devoted to German and Volga German immigrants.

Over the years the name changed to Summerfest and finally, Germanfest. It has grown from a Sunday afternoon event to a two day festival that celebrates our heritage and traditions with wonderful German foods. These authentic foods include sauerbraten, grebble, noodles and sage balls, German potato salad, German sausage and bratwurst, sauerkraut, and more. The food is rounded off with American choices including fried chicken and other complementary dishes.

The celebration begins with a Mass of Thanksgiving at 4 pm Saturday; outdoors-weather permitting, followed by a preview of some of the delicious German food to be offered on Sunday. At 5 pm the beer garden opens and an evening of live entertainment begins. Sunday morning, festivities begin at 10 am and parishioners and parish supporters are preparing for an exciting day ahead. The games and activities get under way and the food lines form, all with delightful German music in the background.

We have been blessed with new “family members” as Sacred Heart and St. Joseph Parishes have come together to become one. In addition, our “school family” has grown to become one with Our Lady of Guadalupe parish students. We have been guided down new paths for the future, but faith has brought us together as we support each other with Germanfest and other parish/school activities.

Sacred Heart-St. Joseph and Holy Family Catholic School “family” members take pride in the development and growth of Germanfest over the years and strive to continue our commitment to

Faith Family Community

This heritage event would not be possible without hundreds of volunteers. We thank them, one and all, and we thank you for your patronage!

GERMANFEST BIER

4.6% ABV, 18 IBUs
Light, bright, and crisp

Blind Tiger Brewery is proud to brew GERMANFEST BIER for those who enjoy light beers on hot nights.

MAIBOCK

6.5% ABV, 16 IBUs
Malty sweet pale lager beer

Our Most Awarded Brew! Yes, this German style bock is golden and bright, not dark. *Mai* means May and well, *Bock* means goat, but that's another story. May means Spring and after a long winter of drinking dark beers, Germans were ready for a bright golden beer to celebrate spring.

OKTOBERFEST

5.5% ABV, 14 IBUs
Amber lager with balanced hops

Wrap your lips around the original amber lager. Close your eyes, you'll swear you're in Munich. This brew is the color of turning leaves with an aroma of fresh baked bread. We use Vienna, Pilsner, Munich and a touch of Crystal malts for a rich malty foundation. Hallertau and Tettnang hops provide balance and a floral noble hop aroma.

MUNICH DUNKLES

5.2% ABV, 7 IBUs
Rich malt character with soft chocolate

This dark lager beer is brimming with malt character and flavor. The malt bill calls for more than 50% Munich malt! The color of this beer is like rich mahogany. Noble hops add aroma and help balance the malt sweetness. Low hop bitterness with a clean finish.

A celebratory banner for Reser's 75th anniversary. The background is a red and white checkered pattern. In the center is a smaller version of the Reser's logo with "75th ANNIVERSARY 1950-2025" written below it. Two Polaroid-style photographs are placed on either side: one on the left shows a family of four at a dining table, and one on the right shows two women smiling and holding up small round items. The banner is bordered by images of food: a bowl of potato salad in the top left, a plate of hot dogs in the top right, and a bowl of potato salad in the bottom right. At the bottom center, the text "THANKS FOR 75 YEARS OF GOOD TIMES" is written in white on a red background, with a small "Our Products" button below it.

Danke!
