

JUST ONE THING

The Gift of Prayer

Two weeks ago, we began our journey of stewardship as a way of life by inviting each of you to consider Just One Thing you could offer our parish community. This week, we turn to the most vital foundation of that journey:

Prayer.

Prayer is where everything begins. It is how we grow closer to God and allow Him to shape our hearts. St. Bernard of Clairvaux once said that we are called to be like reservoirs—filled with the love and grace of God so that we may pour ourselves out for others from a heart that is truly full.

This week, you are invited to take a simple and meaningful step: join our diocesan community by participating in this initiative through the gift of your prayer. Whether that is 5-10 minutes of quiet daily reflection, praying the rosary before Mass, or spending time at Adoration, we hope that you will increase your devotion to our Lord in a way that is both meaningful to you and to the life of our parish.

Let us take this step together, trusting that when we pause to listen, God will do the rest.
