# THE SKIMP TEAM VALUES

## RECYCLABLE

Our belts are made of a 100% recyclable plastic.

Moreover, if you send us your worn out belt back, we offer you a 30% discount and recycle it with our partner factory.

## VEGAN

Our SKIMP team loves animals, so we make sure that none of our creations contain animal-sourced materials.

Concerning the question «Do you have any vegan products?»

We will surely answer :  
«Yes we avoine»

## NEXT GENERATION

50% of our team is under 25 years. Why ?  
Because innovation rhymes with youth and we make it a priority in each of our creations.  
Therefore, SKIMP surrounds itself with trainees and interns all year long.

## ORIGINALITY

At SKIMP we reinvent daily objects to make them fun, smart and original.

Our moto : Don't take yourself too serious, break the codes in a colorful and assumed style.

## SOLIDARITY

We are proud and happy to have chosen «Papyrus» as our logistics, where 92% of the staff are workers with disabilities.

## QUALITY CUSTOMER SERVICE

Your opinion matter to us! That's why we make our customer service a priority. Moreover we make sure to be easily reachable by phone, email or on social medias, where we like to interact with you.

Because nobody is perfect and a problem might occure.  
A broken buckle ? A sewing flaw ?

Contact us and we will send you a new product !  
[contact@skimp.fr](mailto:contact@skimp.fr)

## ECO-FRIENDLY

We're not pretending to save the planet but we are doing our best to reduce our carbon footprint.

Some of our products are not made in France, but we choose trains or maritim shipping over air transports which are far more polluting.
