

NJ SUPPORTS

Breastfeeding

There are many types of lactation support providers (LSP) available to assist breastfeeding mothers. The level of certification and hours of training vary with each discipline. As you review the county-specific resources available on this website, please use these definitions to guide your support needs.

International Board-Certified Lactation Consultant (IBCLC)

- Trained to work with infants and their parents to address any feeding challenges.
- Completed 90 hours of lactation education
- Completed education in 14 health sciences subjects
- Completed 300-1000 hours of clinical experience
- Required to pass a rigorous certification exam from an accrediting organization.

Breastfeeding Peer Counselors

- Has personal experience with breastfeeding
- Completed 20 to 90 hours of training
- Provides basic breastfeeding education, support, and encouragement
- Includes WIC Peer Counselors, La Leche League Leaders, Breastfeeding USA Counselors and Chocolate Milk Café and Sistahs Who Breastfeed facilitators

Certified Breastfeeding Counselors

- May work in hospital and community settings
- Provides breastfeeding education and support i healthy, full-term babies and mothers
- Completed 20-90+ hours of lactation education
- May require passing a certification exam from an accrediting organization
- Includes Certified Breastfeeding Specialist (CBS®), Certified Lactation Counselor (CLC®) and Certified Lactation Educator (CLE®) and other certifications

Classes/Support Groups

- Provided in a group setting and is facilitated by an IBCLC, Breastfeeding Counselor, or Breastfeeding Peer Counselor
- Offers opportunity to ask questions and learn/share successes/challenges of breastfeeding
