**Terms and Condition**

Grooming can be a stressful experience. Our team aims to provide a pleasant, safe, relaxing appointment. It is a team effort between the client and the grooming team. It can take from 2-4 hours for the full grooming experience. We will message you as soon as your fur baby is ready. We hate crating your loved one. We do expect you will be on your way as soon as possible (within half an hour). ***Fees may apply if doggy daycare is required.***

*Please ensure that you tell us if there are any pre-existing medical conditions or behaviours that our team at Fetch grooming should be aware of: for example, recent surgery, medical conditions, aggression, medication, vaccinations, worming and flea and tick treatment.*

Please list: \_\_\_\_\_

**Health and Safety**

In the unlikely event that Veterinary and or medical treatment is required, the owner will be notified of an incident or condition noticed whilst grooming with permission to be sought to continue or cease our service.

**Matting**

It is not uncommon to find pre-existing conditions: Hot spots, sores, and other skin issues once matting is removed. There is also a chance that your dog's skin will become irritated from clipping a matted coat so close to the skin and could be at a higher risk of accidental nicking or cutting in this process.

Our team at Fetch grooming ***will not be liable*** for any vet-related costs due to health issues arising from Pre-existing medical conditions, matted and or bad condition coat, which may result in clipper rash, exposing pre-existing conditions such as warts, hotspots and minor nicks or cuts.

**Declaration**

I am the owner/authorised person of the pet/s detailed above and hereby consent to perform the above services. I have read and understood the terms and conditions.
