

# Lenten Mission

March 15 & 16 • 6 - 7:15 PM

## Come and Become ONE WHO SEES. Jn 1:39

Ever feel like you've never truly seen God? Like He never speaks to you, or that you just don't get that sense of His presence the way other people seem to? You're not the only one.

The truth is that God communicates with each of us in different ways – and sometimes the problem isn't that He's silent, but that we've been listening in only one direction. Not hearing God doesn't mean He isn't speaking. Join us for two evenings designed to open up new ways of recognizing how God reaches out to you. This Mission will be unlike the ones you've experienced before; it includes a hands-on workshop to help each of us learn to notice, discern, and respond to God's voice.

Night one: God doesn't speak to ME!

Night two: Where does God want to meet you?
