CHAIR'S NAME:	Elchert
DISCUSSION:	<p>On the Fire Department side, they have had seventy-nine total calls for the year. Of those seventy-nine calls, twenty-two were in the village, nineteen were in the township, and twelve calls were mutual aid. Car accidents, there were three in the village and ten in the township. There were six medical mutual aid in the village and seven in the township. They are waiting to hear if they will be awarded the American Fire Grant which will be for additional hose and air packs. They do have their Soup Dinner coming up this Saturday, January 17th from 3:00 – 6:00 pm at the Legion.</p> <p>On the Police Department side, Chief was going over the amount of service calls that they have had within the village. A service call includes when they have to run out to Plastipak to do their regular check, if they pull someone over, if they are in the school zone. Basically, if they are getting out of the car, they have to make a service ticket for that to say that is where they are and that is what they are doing. So, the total amount of service tickets for the year were 1,153 for the Jackson Center Police Department. This does not include the Sheriff's Department; this is the number for the Jackson Center Police Department only. They did have a garage door issue over at the department, but that has since been repaired as of today.</p>
