THE VILLAGE VIEW

The Village of Jackson Center Newsletter NOVEMBER 2026

From the desk of the Administrator…

Greetings JC! I hope everyone has been enjoying the nice fall weather as of late! Unfortunately, that will come to an end here soon as winter is upon us!! However, they are predicting a "Super" El Nino is shaping for us this winter season in Ohio, which means warmer than average and drier season. As a reminder, as colder weather does approach, check your carbon monoxide detectors and your HVAC air filters! This month, I again, want to update on you a few things that are going on in the Village.

Robb Avenue Reconstruction Project:

Progress continues to be made at Robb Avenue Reconstruction project. You should start to the new water service laterals be installed in the next few weeks. After the service laterals have been installed, Sturm Construction will be prepping and forming the new curb and gutter. Then and finally, freshly new asphalt will be paved. The project is expected to be finished by November 15th.

Community Foundation Grant/Tiger Trail Park:

The Village applied and was awarded grant monies from the Shelby County Community Foundation in the amount of $12,000.00. We plan to use the money to help expand the South diamond at Tiger Park to 70' bases and help with more fencing for both diamonds.

Centerpoint Energy

You may have noticed a change in the company name on your natural gas bill. National Fuel Gas Company (National Fuel) recently finalized its acquisition of Vectren Energy Delivery of Ohio, LLC, which was doing business as CenterPoint Energy of Ohio.

This change **does not** affect the Village's municipal gas aggregation program, which will continue to operate as usual. **No action** is needed by residents regarding this change, your service, account, login and payment methods all stay the same. If you would like to learn more about National Fuel, visit *nationalfuel.com/corporate /ohio-transition/*

Income Study Survey:

Some of our residents will be receiving a letter from the Village, because we need your **help!** We must complete an income survey that helps us qualify for infrastructure grant programs and other funding sources. In order to qualify, residents at random and anonymously will be asked to complete an income survey. You will only need to fill out the three (3) hi-highlighted areas.

Village Staff will be going door-to-door the next few weeks to continue to collect survey's until we get 300 surveys returned! If you have received a survey with our letterhead on it in the mail, please fill it out and bring to the Village Office.
