

Compliance with Regulation (EU) 2025/40 on Packaging and Packaging Waste

Distributor / Supplier:

Company: Schrauben-Preisinger GmbH
Street, Number: Utzschneiderstraße 5
ZIP Code / City: 80469 München
Country: Germany
Email: compliance@schrauben-preisinger.de

1. Legal

This declaration relates to Regulation (EU)2025/40 on Packaging and Packaging Waste (PPWR). It serves to comply with the applicable requirements of the PPWR.

2. No Manufacturer

Contrary to the position previously taken by German authorities, we are not a manufacturer or producer of packaging. We maintain records of the packaging materials we use and confirm that we purchase only packaging materials that comply with the requirements of the aforementioned regulation.

3. Declaration

Schrauben-Preisinger hereby confirms that all packaging delivered by Schrauben-Preisinger comply with the PPWR requirements effective August 12, 2026. Future sustainability requirements (e.g., labelling requirements effective in 2028, recycled content in plastic packaging, and empty container fees effective in 2030) must and will comply with it as of their respective effective dates. Schrauben-Preisinger GmbH will inform its customers, if circumstances come to light that indicate non-compliance with the PPWR requirements.

Type of Packaging: Retail packaging, outer packaging, shipping packaging

4. Requirements effective August 12, 2026:

- Proper manufacturer/importer labeling in accordance with Articles 15 and 18 of the PPWR
- Declaration of conformity in accordance with Article 39 of the PPWR
- Compliance with the substance requirements under Article 5 of the PPWR, including the PFAS limits for food contact packaging (not applicable for Schrauben-Preisinger GmbH) and the limit of ≤ 100 mg/kg for the sum of lead, cadmium, and mercury.

Place, date: Munich, 10.08.2026
