ADDITIONAL SERVICE OPTIONS

We offer the following additional services, which are optional:

Additional body preparation services

You may wish to view your loved one prior to final disposition. Consider opting for “basic preparation of remains” or embalming, as it might afford a more peaceful final viewing experience. Embalming is not legally required, but may be recommended to preserve the body between the time of death and final disposition. One of our funeral directors will be able to guide you on preparation options and make recommendations based on the condition of the body and the expected service needs.

Visitation

These are informal gathering periods that allow family and friends to come and pay their respects and offer comfort to a grieving family. You may have visitation without having a funeral service. Visitation may be public or private.

Funeral services

This includes services, rites and ceremonies with the body present in a casket. A funeral service can be religious or non-denominational and can be held in various places, including in our chapel, at a place of worship, a venue such as a hall, or at the graveside.

Memorial services or celebrations of life

This is a service to commemorate the deceased, which takes place after the body has been cremated. The cremated remains may or may not be present, as preferred by you; a framed portrait and personal mementos might also serve as a focal point during the memorial service.

Receptions

We offer a beautiful facility in which families may gather and receive guests for a luncheon after the funeral or memorial service. Our Reception Centre may also be used to hold a celebration of life.

DESCRIPTION OF SERVICES AND FEES

Any services marked with an asterisk (*) are the minimum services required to carry out a direct burial or cremation. Services such as embalming, visitation, ceremonies and receptions are optional. You may choose only the services you desire.

CASKETS

The following caskets listed are those generally available. Additional options are available upon request. Unless otherwise noted, all caskets listed are standard adult size.

Minimum requirements for a casket:

For burial: The least expensive wood or cloth casket is suitable and is required by most cemeteries' by-laws for interment, in the interest of the health and safety of the workers involved in the interment process. A metal casket may also be used for burial.

For cremation: A body must be presented to the crematorium in a rigid, leak-proof casket that is made of a combustible material, such as wood or cardboard. Caskets containing non-flammable, hazardous material or chlorinated or fibre-reinforced plastic, other than incidental metal, cannot be used for cremation. A cemetery operator may designate a specific area in the cemetery where vaults or grave liners are required; however, the operator must have another area where vaults or grave liners are not required, so that consumers have a choice. A vault or grave liner may be recommended when there are environmental conditions such as poor drainage, or for practical or aesthetic reasons.

PAYMENT, FINANCING & FUNDING

For services at time of death:

The Funeral Home requires a minimum deposit of **\$2,500** at the time of signing the contract and reserves the right to request full payment prior to the delivery of services and supplies. The remaining balance is due within **15 days**. Any amounts outstanding after 30 days from the signing of the contract shall accrue interest at a rate of 1.5% per month, equivalent to 18% per annum (APR), calculated from the due date until paid in full. Payment can be made via cash, cheque, bank draft, debit, or e-transfer. Credit cards (Mastercard or Visa) may be used for the deposit only. There will be a charge of \$30.00 for any Non-Sufficient Fund (NSF) cheques returned by the bank. Any cost of collection shall be the responsibility of the Purchaser.

The Funeral Home does not offer credit or financing options on at-need arrangements. Financial assistance for funeral, burial, or cremation services is available through certain governmental agencies, to those who qualify.

Pre-payment in advance of need:

For services that are being arranged pre-need, we offer two funding options when prepaying services or supplies:

Trust: You pay for the services and supplies at today's price and we will place your money in a trust account, where it will accrue interest until the prepaid contract is fulfilled (when the services and supplies are delivered). Pre-payment can be made by pre-authorized debit (void cheque). Funds are held in the purchaser's name.

Insurance: You may purchase an insurance or annuity policy through us, where the proceeds of the insurance/annuity policy will be used to pay for the services or supplies at the time they are delivered. Payment in full or time payment plans may be made by pre-authorized debit (void cheque). The policy is held in your name and assigned to the funeral home. Terms and conditions and cancellation policies are set by the Insurance Company.

Guarantee: When paid in full in accordance with the payment terms set out in the prepaid contract, the prepaid contract is guaranteed. The total payment(s) made plus interest/growth earned will be applied to the future price of the services and supplies. If the total payment(s) plus interest/growth earned are insufficient to cover the total future price of the prepaid services and supplies, we will absorb the difference as a loss. Any funds in excess of the total future price of the prepaid services and supplies will be returned or applied toward additional services, supplies and disbursements purchased at the time of need, as applicable. Conditions apply. Any changes to the prepaid contract may result in the prepaid contract being null and void and a new contract being executed with current pricing at the time changes are made.

Additional information about payment, financing and funding options is available upon request.
