

More than playhouses. A community commitment to children in foster care.

Dear Community Partner,

Eddy County CASA is proud to invite you to be part of Project Playhouse, a fundraiser that brings our community together in a truly special way. The playhouses will be showcased this upcoming spring in Artesia and Carlsbad, giving our community a chance to come together and celebrate.

Project Playhouse began with a simple but powerful idea, when a community builds something together, it creates more than a structure; It creates belonging, hope, and joy for children who need it most. Through this project, local builders, businesses, and community members come together to bring life to custom playhouses that are raffled off to families in our community. Raffle tickets are intentionally priced at ten dollars so that every family has the opportunity to participate and feel connected to the cause.

While the playhouses are the heart of this event, the impact goes far beyond them. Funds raised through Project Playhouse directly support Eddy County CASA's mission to advocate for children in foster care. Sponsorships help bring the playhouses to life while also covering the event, marketing expenses and providing critical support. This allows our program to continue serving children with care and stability.

In previous years, Project Playhouse has resulted in five beautifully built playhouses and an incredible show of community support. This upcoming year, we are working toward building three to four playhouses, to bring joy and fun directly into the communities we serve in Eddy County. With your partnership, this vision becomes possible.

By becoming a sponsor, you are not only helping build playhouses. You are helping build stability, advocacy, and brighter futures for children in our community.

Thank you for considering supporting Project Playhouse and the children we serve.

With gratitude,
Eddy County CASA

2027 Sponsorship Opportunities
