

March 2026

ABC WORDINGS

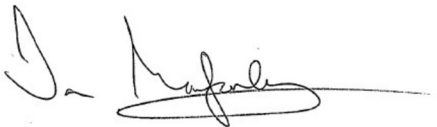

A typographical error has been discovered upon review of the 2025-2026 ABC wordings which is repeated in several clauses. The error is a reference to Federal Acquisition Regulations in accordance with DOD FAR supplement **25.7308**; we believe that there is a missing '2' and that it should read "**225.7308**". The affected ABC wordings are:

- 1
- 4
- 20
- 23
- 70
- 73

These are being amended by endorsement.

This error will affect previous years' ABC wordings, and so the change from '25' to '225' should be noted accordingly on the following:

- LSWs 1420,
- 1423,
- 1432,
- 1435,
- 1417,
- 1419
- and prior wordings/clauses
