

Message from Fr. Betters

Since 1948, St. Joan of Arc has been the anchor of faith for parishioners who worship together, receive the sacraments, help others, and teach the faith to our children.

Over the years, our parishioners have worked faithfully to ensure that our faith community remains strong.

As we look toward the future of St. Joan of Arc, there is a need to improve the facilities on our campus and enhance our worship and ministry spaces. Leadership studied our current campus footprint and determined it is time to address the needs of the parish community. To this end, we are launching the **Faith In Our Future** Campaign.

With your prayers and participation, the **\$5M+ Faith In Our Future** Campaign will honor our past while embracing a dynamic future that uplifts and strengthens generations to come.

Please join me in praying that our capital campaign may be successful.

Peace,

Rev. John D. Betters, Pastor

Building a Community of Religious & Lay Leaders - \$3M+

Rectory Repurposing

This shared space will bring people together in ways that encourage collaboration, streamline daily work, and strengthen relationships within our parish community. Purpose built offices will provide the support needed for effective ministry planning and pastoral care.

New Rectory Construction

The construction of a new rectory will provide a welcoming, prayerful home for three to four full-time religious, including our current pastor, a retired priest, a seminarian, and a guest suite. Having clergy live on campus will significantly increase their presence in parish and school life, allowing for stronger connections with students, families, and parishioners.

FAITH IN OUR FUTURE

ENGAGE

GROW

SECURE

GROUND IN FAITH
GROWING WITH PURPOSE

Creating Spaces for Worship & Ministry - \$555K+

Exterior Enhancements

Planned exterior upgrades include new signage that highlights our school, a refreshed Parish Hall facade designed to better reflect our church, and enhancements to our parking areas. These efforts increase visibility and safety for all who visit our campus.

Interior Enhancements

Interior improvements include the thoughtful relocation of the Tabernacle, the installation of handrails for greater accessibility, the addition of multiple shrines, the creation of a dedicated Adoration Chapel, and fresh paint to renew the sanctuary environment. These changes, along with restored steeple placement and updated signage, honor our traditions while responding to the needs of a growing parish.

Faith In Our School - \$1M+

Capital improvements of \$500K include needed upgrades and enhancements such as new restrooms, an upgraded gym entrance and more.

Endowment funds of \$500K will be used to provide funding for general operating expenses.

Diocese Support - \$445K

As part of the **Faith In Our Future** Campaign, St. Joan of Arc Parish is participating in the Diocese of Cleveland's **Called to Flourish: Our Church for the Future** Campaign.

Bishop Malesic invites St. Joan of Arc Parish to play an important role in supporting the Called to Flourish Campaign's four strategic priorities: Parishes, Worship, Evangelization, and Service.

Invitation to Join

Your gift to the **Faith In Our Future** Campaign is an opportunity to participate in the generosity God has shown you in your life and through this church. We can share the wonder and love of our faith with our children, grandchildren, spouses, friends, neighbors, and future generations.

Our goal will be achieved through the financial participation of every St. Joan of Arc Parish family. This campaign, involving the entire St. Joan of Arc Parish, embodies the Christian principle of stewardship: giving back to God a portion of our blessings. It invites significant and lasting generosity, allowing us to pass on the blessings we have received. Your gift to **Faith In Our Future** is a chance to share God's generosity with our community and future generations, supporting our faith and mission.

Campaign Prayer

We praise you, our Heavenly Father, for the many blessings you bestow upon us every day. We give you thanks for the gift of our parish family at St. Joan of Arc Parish.

As we rejuvenate and reinvigorate our parish community and set a course of where we would like to be in 2030, we call upon you to:

Help us to **ENGAGE** one another as we seek to unify all that makes St. Joan of Arc a blessed foundation of our lives.

Help us to **GROW** to bring on new members, new ministries, and new ways of serving you built on the solid foundation we have had these many years.

Help us to **SECURE** our future with these campus improvements that will be used for generations to come to know, love, and serve Jesus Christ.

We ask the intercession of St. Joan of Arc, our patroness, to help us to be extraordinarily generous of our time, talent, and treasure so as to serve our Lord and Savior Jesus Christ!
