When it comes to buying or selling a home, it's important for everyone to be on the same page and working together as a team. That's why Christine Karales Paul and Donna Roberts are the best choice for your next real estate transaction!

After almost 12 years of working together as a team, Christine and Donna have launched Your Real Estate Co. in October 2021. It is a locally owned and independent brokerage that brings a combined 50 plus years of experience and expertise to bear for you. Having closed over 300 transactions together through the years, there isn't much that they haven't seen and dealt with!

They take a team approach to all contracts, which means that no matter how busy the market may be, there's always someone to help. This also means that each of them have time to rest, recharge, or add to their skills as Christine did becoming a broker in November 2021. In a fast-paced industry, they have learned that being at their best for their clients isn't just good business, it's good for them too!

Donna and Christine partnered with Keller Williams Realty from 2014 to 2020, and then worked with eXp Realty from 2020 to this year. During this time, they learned a lot about the industry and what they were looking for in their own agency. Together, they received many awards for production and annually meeting above company cap in record times. Now, they're taking that experience and building their own brokerage with their own locally focused vision.

As local residents of York County for many years, they are active in the communities they serve through the local Chamber of Commerce, Saco River Valley Kiwanis, and Donna taking a leadership role spending several years as lieutenant governor.

"I have known Donna & Christine for a long time and they are two of the best Realtors in the area. When you have as much experience combined as they do, they can tackle any situation that arises. I would highly recommend the two of them and can guarantee that you can trust the two of them to get the job done for you."
