BRENSCOMBE OUTDOOR CENTRE

We want to share our passion for the outdoors and the stunning area we work in. Our approach is to provide real outdoor activity experiences whilst creating time to enjoy, understand and respect the environments we explore.

Our location is unrivaled. Nestled within the Purbeck Hills at the eastern end of the Jurassic Coast, we have direct access to Poole Harbour and the Purbeck Heath National Nature reserve.

Real Experiences
Real Environments

Using the wider landscape, we provide activities that balance safety, fun, learning, and where appropriate challenge. We enable our experienced staff team to be flexible in their approach, ensuring we provide engaging experiences based on the needs and abilities of your group.

Your group will experience a range of quality activities to meet your specific aim and needs. Recognising each group's differences we ensure a personal booking experience, to provide genuinely bespoke programmes.

We understand that great days out require good wholesome food and a comfortable night's sleep. We see hospitality as a key component of our approach.
