

St Anne's Sports Association Photo Consent Form

Photographing, filming, and recording participants of St Anne's Sports Association 2026 Annual Consent Form and Collection Notice.

During the year there are many occasions and events where the St Anne's Sports Association may photograph, film or record students participating in sporting events in our community. We do this for many reasons including to celebrate students' participation and achievements, showcase sporting programs, document sporting events etc, and also to communicate with parents and the school community in newsletters, the school website and Facebook as well as social media pages, such as the St Anne's Sport Association Facebook page.

This notice applies to photographs, videos or recordings of participants that are collected, used, and disclosed by St Anne's Sports Association. We ask that any parents/carers or other members of our school community photographing, filming, or recording participants at sporting events do so respectfully and safely and that any photos, videos or recordings of participants are not publicly posted. (e.g., to social media accounts) without the permission of the relevant parent or caregiver.

St Annes's Sports Association may also, from time to time, record or take photographs at training matches and other events organised or attended by St Anne's Sports Association to promote St Anne's Sports Association. These recordings or images may be used by St Anne's Sports Association on its social media pages, advertising material, St Anne's College newsletter/Facebook page or in publication. Your child may be identified by first name only in these images/recordings (or not named at all). Copyright of images/recordings will be wholly owned by St Anne's Sports Association. This means that St Anne's Sports Association may use the images/recordings in the ways described in this form without notifying, acknowledging, or compensating you or your child.
