The Right of Selection

The goods and services shown below are those we can provide to our customers. You may choose only the items you desire. **However, any** funeral arrangements you select will include a charge for our basic services and overhead. If legal or other requirements mean you must buy items you did not specifically ask for, we will explain the reason in writing on the statement we provide describing the funeral goods and services you selected.

Professional Services

Basic Services and Overhead of Funeral Director and Staff \$1395

Our fee for the basic services of funeral director and staff includes, but is not limited to, staff to respond to initial request for service; arrangement conference with family and responsible parties; arrangement of funeral; preparation and filing of necessary authorizations and permits; recording vital statistics; care of body; and coordination with those providing providing other portions of the funeral. Also included in this charge are overhead expenses relative to the facilities such as professional licensing, legal and accounting fees, insurance, building and utility expenses, maintenance, taxes, equipment, furnishings, and administrative expenses. This fee for our basic services and overhead will be added to the total cost of the funeral arrangements you select. This fee is already included in our charges for direct cremation, immediate burial, and forwarding or receiving remains.

Embalming \$600

Except in certain special cases, embalming is not required by law. Embalming may be necessary, however, if you select certain funeral arrangements, such as with viewing. If you do not want embalming, you usually have the right to choose an arrangement, such as direct cremation or immediate burial, that does not require you to pay for it.

This is the holding of the deceased for burial or cremation for up to two days when embalming is not elected. A \$100 daily surcharge applies for refrigeration after two days for custodial care of unembalmed remains if a family has not completed and paid

for arrangements. An unembalmed body presents a health hazard to our employees and to the general public. The deceased is placed in an especially designed refrigeration room.
