

Good times are coming...

Picnics, Parties, BBQ's and just plain enjoying the outside.

So, why not ensure your yard is itch-free so you and yours can enjoy the outdoors. We offer barrier protection spray and follow environmentally responsible practices to avoid harm to pollinators and plants. Here at Brownco, we are again offering two (2) mosquito packages to suit your needs. One package is six (6) treatments approximately every twenty-one (21) days starting in April and runs through September and the other is a ten (10) treatment package with treatments approximately every fifteen (15) days starting in March and runs through October. This package helps our customers, especially with pets and little ones, in suppressing ticks and fleas.

We also have a Green package for mosquito suppression that is flower based. That package is 10 sprays for ¼ acre only every other week for \$650 starting in May and runs through August.

All you need to do is -
Sign up by contacting us at:

302-304-9068

Or by email at:

pam@browncopest.com

and pay in full for either a 6 or 10 service package either by check or by credit card. If you sign up and pay in full by April 15, 2024, we are offering a 3% discount.
